Reflecting Visions:

Visualising the Vision Konstantin Stijkel, 2024-06-24 In *Visualizing the Vision* the author presents a detailed analysis of Ezekiel's temple vision from an architectural, linguistic and historical approach. The study demonstrates that the vision was not meant as a building instruction but as a sign of hope for the exiles in Babylon, showing the temple as it will be built in a distant future when it will never again be defiled and the Glory of the Lord will return to His house forever. The author takes the reader on a fascinating journey through the description of the vision's temple and provides architectural drawings of its possible construction, situating these within the larger framework of Ancient Near Eastern building styles.

Galileo's Visions Marco Piccolino, Nicholas J. Wade, 2014 In a fascinating and accessible style, Marco Piccolino and Nick Wade analyse the scientific and philosophical work of Galileo Galilei from the particular viewpoint of his approach to the senses and especially vision as a means of acquiring trustworthy knowledge about the constitution of the world.

The Spirit World: A Guide to Communicating Beyond the Veil Vikki Strack, In the tapestry of human experience the threads of life and death intertwine, creating a fascinating and often perplexing landscape. For centuries, humanity has grappled with the mysteries of the afterlife, seeking answers and solace in the face of mortality. The spirit world, a realm beyond our physical senses, has captivated imaginations and inspired countless stories, rituals and beliefs. This book serves as a guide to navigating the enigmatic world of spirits, offering a respectful and informed approach to communication with the other side. It is not a definitive answer to the complexities of the afterlife but rather an invitation to explore the fascinating world of mediumship, Ouija boards and other spiritual practices. Through a blend of historical insights, practical techniques and personal anecdotes, this book aims to shed light on the nuances of the spirit realm and equip readers with the tools and knowledge to embark on their own journey of exploration. This is not just a book about communicating with spirits; it is a journey of self-discovery, spiritual growth and a deeper understanding of the interconnectedness of all beings. Whether you are a seasoned seeker or a curious beginner, *The Spirit World: A Guide to Communicating Beyond the Veil* provides a valuable resource for those seeking to bridge the gap between the physical and spiritual realms.

Etheric Vision And What It Reveals Max Heindel, 2020-12-23 In 1918 Max Heindel wrote: "The process of preparation for the Aquarian Age has already commenced and as Aquarius is an airy, scientific, intellectual sign, it is a foregone conclusion that the new faith must be rooted in reason and able to solve the riddle of life and death in a manner that will satisfy both the mind and the religious instinct. As we have in the past evolved five senses by means of which we contact the present visible world, so shall we in the far distant future evolve another sense which will enable us to see the denizens of the Etheric Region, including those of our dear ones who have left the physical body and inhabit the ether and lower Desire World during the first stage of their career in the spiritual realms."
