

WHAT IS REFLECTION?

Reflection refers to the mental activity that allows us to think deeply and critically about our experiences, ideas, and actions.

It involves examining and analyzing our thoughts, feelings, and behaviors in order to understand their meaning and value.

Through **reflection**, we can gain a clearer perspective of ourselves, others, and the world around us. It helps us make more conscious decisions, learn from our mistakes, and grow personally.

Reflection invites us to question, to seek meaning, and to find purpose in our experiences.

Furthering Talk Thomas Strong, David Pare, 2012-12-06 Recently a client coming in for her second appointment told me the story of how she had been volunteering her time for the past several years to free several innocent prisoners from Illinois prisons She told me how tenaciously and persistently she had to work against politicians who did not want these releases to take place I was so struck by her dedication and personal sacrifice of time money and energy At the end of her story I thanked

her I said there were many times when I heard some story of injustice on the news and I thought to myself how I should get involved or at least write a letter But somehow other matters would take precedence my anger would dissipate and soon the issue would slip my mind Listening to her I felt grateful that there were people like her to take up the cause and put energy and voice to my concerns I looked at her and thanked her again Reading this manuscript I was reminded of this story Editing a book on postmodern thinking and ways of being with clients is certainly not the same as confronting politicians or taking on power structures in a justice system But nonetheless after reading this manuscript I found myself grateful to Tom Strong and David Pare for their taking the time and committing the energy to the collection This is a book that should have been written It is timely and moves ideas forward This is a very worthwhile endeavor and the product reflects their dedication to contemporary ideas
