Reflections From The Light Of Christ Five Quaker Classics:

Reflections from the Light of Christ James R. Newby, 1980 Rufus Jones (1863-1948) Claus Bernet, 2009 Rufus Jones 1863 1948 helped organize the Quakers' relief effort saving millions from starvation after the First World War. In Germany he is best known for having travelled to Berlin to seek a personal meeting with Hitler after the Kristallnacht in 1938. And at the conclusion of a long life devoted to service it was largely due to Jones that the American Friends Service Committee was awarded the Nobel Peace Prize in 1947. But Jones was also the quintessential American scholar seeking to harmonize theory and practice. He was a pivotal figure of the 20th century who stayed in close touch with authors and statesmen the world over. He earned a reputation as a modern mystic and an active pacifist and was regarded as the moral conscience of his era. His scholarship encompassed education and pedagogy, philosophical questions, church and Quaker history as well as the political issues of the day. Jones dealt with such issues as justice, democracy and child rearing. His ideas are still alive today and still arouse controversy. He was particularly anxious to avoid the cultivation of an elite, pleading instead for individual growth and personality development. Over the course of his life he was awarded twelve academic titles, taught at numerous universities, delivered countless lectures and was one of the first theologians to recognise the significance of radio and to make full use of it. To this day Rufus Jones is still honored as a seer, Protestant mystic and even as a Master Quaker and Quaker Giant. It is time also to take a critical look at these honors. Quaker Life, 2004 **The Publishers' Trade List Annual**, 1992 **Library of Congress Catalogs** Library of Congress, 1981 *Publishers Trade List Annual*, 1992, 1992 **Subject Catalog** Library of Congress, 1980 Reflections from the Inner Light James R. Newby, 2019-07-30. In this important book of Quaker spirituality Jim Newby writes about his spiritual journey and the ways he has sought to navigate an increasingly complex world and understand his purpose in it. A lifelong Quaker, Newby seeks to discern the primary ways in which he has grown spiritually, which are divided into the following parts: turning inward, community and relationship, pain and growth, path of a seeker and affirmations. Each chapter within these parts concludes with queries to encourage readers to reflect upon their own spiritual journeys. Readers may find what Newby writes humorous or his writing may provoke tears, questions and challenges to one's beliefs. Humor and tears, questions and spiritual challenges are all of God for to grow in Spirit encompasses all the feelings and emotions through which we pass in this life. In the words of Newby's late friend and author Malcolm Muggeridge: "Every happening great and small is a parable whereby God speaks to us and the art of life is to get the message." These reflections are Newby's attempt to get the message. Radiobiological Research and Radiotherapy International Atomic Energy Agency, 1977 **Books in Print**, 1994
