Joshua Billings

Reflexions Sur La Poetique Daristote Et Sur Les Ouvrages Des Poetes Anciens Et Modernes:

Les réflexions sur la poétique de ce temps et sur les ouvrages des poètes anciens et modernes René Rapin,1970

The Poetics of Aristotle and the Tractatus Coislinianus O.J. Schrier,2018-07-17 The bibliography of Aristotle s Poetics by Cooper and Gudeman most welcome in 1928 has now become antiquated even for the period it covers The present one registers all editions translations commentaries and studies bearing on the Poetics or the major concepts that have been associated with it correctly or incorrectly from 1481 up till 1996 Moreover a survey is given of the medieval translations and commentaries written in the Orient and in Europe Special attention has been given to the reviews The oldest one registered dates from 1697 The second book of the Poetics being lost publications related to the Tractatus Coislinianus which partly rests on Poetics II have been included There are seven indices Especially those on passages and subjects should prove to be useful instruments In the author s text Greek nouns and adjectives have been transliterated **Catalogue de la**

Bibliothèque de la Ville de Rouen. ... Belles-Lettres François Isidore LICQUET,1830 The Theory of the Sublime from Longinus to Kant Robert Doran,2015-07-16 In this book Robert Doran offers the first in depth treatment of the major theories of the sublime from the ancient Greek treatise On the Sublime attributed to Longinus and its reception in early modern literary theory to the philosophical accounts of Burke and Kant Doran explains how and why the sublime became a key concept of modern thought and shows how the various theories of sublimity are united by a common structure the paradoxical experience of being at once overwhelmed and exalted and a common concern the preservation of a notion of transcendence in the face of the secularization of modern culture Combining intellectual history with literary theory and philosophical analysis his book provides a new searching and multilayered account of a concept that continues to stimulate thought about our responses to art nature and human events **Réflexions sur la poétique d'Aristote et sur les**

ouvrages des poètes anciens et modernes... René Rapin,1673 *Reflexions sur la poetique d'Aristote, et sur les ouvrages des poetes anciens et modernes* René Rapin,1973 *Opera, Tragedy, and Neighbouring Forms from Corneille to Calzabigi* Blair Hoxby,2024-03-01 Since the nineteenth century some of the most influential historians have portrayed opera and tragedy as wholly distinct cultural phenomena These historians have denied a meaningful connection between the tragedy of the ancients and the efforts of early modern composers to arrive at styles that were intensely dramatic Drawing on a series of case studies Opera Tragedy and Neighbouring Forms from Corneille to Calzabigi traces the productive if at times rivalrous relationship between opera and tragedy from the institution of French regular tragedy under Richelieu in the 1630s to the reform of opera championed by Calzabigi and Gluck in the late eighteenth century Blair Hoxby and his fellow contributors shed light on neighbouring forms of theatre including pastoral drama trag die en machines trag die en musique and Goldoni s dramma giocoso Their analysis includes famous masterpieces by Corneille Voltaire Metastasio Goldoni Calzabigi Handel and Gluck as well as lesser known artists such as Luisa Bergalli the first female librettist to write for the

public theatre in Italy Opera Tragedy and Neighbouring Forms from Corneille to Calzabigi delves into a series of quarrels and debates in order to illuminate the history of seventeenth and eighteenth century theatre **Sublime Worlds** Emma Gilby, 2017-07-05 Some of the language we come across in reading other peoples works or listening to others speak moves us profoundly It requires a response from us it occupies and involves us Writers always readers and listeners as well are fascinated by this phenomenon which became the subject of the classical treatise On the Sublime traditionally attributed to Longinus Emma Gilby looks at this compelling and complex text in relation to the work of three major seventeenth century authors Pierre Corneille Blaise Pascal and Nicolas Boileau She offers in each case intimate critical readings which spin out into broad interrogations about knowledge and experience in early modern French literature **Le niais sublime** Maddalena Mazzocut-Mis, 2014-05-02T00:00:00+02:00 Si l'on affronte le thème de l'art sans forme propre et sans faux moralisme le mélodrame et le kitsch s'imposent comme catégories esthétiques prédominantes dans le paysage artistique En analysant la racine du kitsch dans le mélodramatique jusqu'à remonter au dix-huitième siècle lorsque le pathétique est apprécié par le public et par une certaine critique on comprend qu'au niveau de l'analyse esthétique le mélodramatique et sa dérivation moderne possèdent une dignité catégorielle La naissance du sublime du point de vue motionnel pathétique accompagne et renforce cette recherche Le mélodrame et le kitsch ne sont pas novateurs ils utilisent un excès de visibilité et n'chappent pas au principe d'accumulation répandant la frustration du toujours plus Ces deux catégories survivent sur une ligne de faiblesse qui d'un côté glisse vers la banalisation déplorable et de l'autre vers l'exaspération ridicule de cette même banalisation Toutefois lorsque les deux catégories ne précipitent pas on découvre que leur jeu doit être pris au sérieux tout en restant un jeu Confiné au ludique le mélodrame et le kitsch ne trompent pas le joueur et ne représentent pas un danger pour l'art au contraire ils ouvrent les portes au plus facile et au plus agréable des divertissements Genealogy of the Tragic Joshua Billings, 2017-03-14 Why did Greek tragedy and the tragic come to be seen as essential to conceptions of modernity And how has this belief affected modern understandings of Greek drama In Genealogy of the Tragic Joshua Billings answers these and related questions by tracing the emergence of the modern theory of the tragic which was first developed around 1800 by thinkers associated with German Idealism The book argues that the idea of the tragic arose in response to a new consciousness of history in the late eighteenth century which spurred theorists to see Greek tragedy as both a unique historically remote form and a timeless literary genre full of meaning for the present The book offers a new interpretation of the theories of Schiller Schelling Hegel Hölderlin and others as mediations between these historicizing and universalizing impulses and shows the roots of their approaches in earlier discussions of Greek tragedy in Germany France and England By examining eighteenth century readings of tragedy and the interactions between idealist thinkers in detail Genealogy of the Tragic offers the most comprehensive historical account of the tragic to date as well as the fullest explanation of why and how the idea was used to make sense of modernity The book argues that idealist theories remain fundamental to

contemporary interpretations of Greek tragedy and calls for a renewed engagement with philosophical questions in criticism of tragedy

The book delves into Reflexions Sur La Poetique Daristote Et Sur Les Ouvrages Des Poetes Anciens Et Modernes. Reflexions Sur La Poetique Daristote Et Sur Les Ouvrages Des Poetes Anciens Et Modernes is a crucial topic that needs to be grasped by everyone, ranging from students and scholars to the general public.
