Reform Within Islam:

Islamic Reform in Twentieth-Century Africa Roman Loimeier, 2016-09-08 The first comprehensive analysis of Muslim movements of reform in modern sub Saharan Africa Based on twelve case studies Senegal Mali Nigeria Niger Chad Sudan Ethiopia Somalia Kenya Tanzania Zanzibar and the Comoros this book looks at patterns and peculiarities of different traditions of Islamic reform Considering both Sufi and Salafi oriented movements in their respective historical contexts it stresses the importance of the local context to explain the different trajectories of development The book studies the social religious and political impact of these reform movements in both historical and contemporary times and asks why some have become successful as popular mass movements while others failed to attract substantial audiences It also considers jihad minded movements in contemporary Mali northern Nigeria and Somalia and looks at modes of transnational entanglement of movements of reform Against the background of a general inquiry into what constitutes areform the text responds to the question of what areform actually means for Muslims in contemporary Africa Key features Biographies of reformist scholars complement the text Case studies are placed in the context of the dynamics of areform in the larger world of Islam Addresses the importance of trans national entanglements and their formative power Focuses on the dynamics of social and religious development the political dynamics of Islamic areform and issues of youth generational change and gender *Revival and Reform in Islam* Fazlur Rahman, 2021-01-21 This authoritative book argues that what is considered today to be Islamic fundamentalism is inconsistent with the true meaning of this faith Rahman demonstrates that the true roots of Islamic teachings advocate adaptability creativity and innovation **Islam and Political Reform in Saudi Arabia** Mansoor Jassem Alshamsi, 2012-06-12 This book examines the link between Islamic thought jurisprudence on the one hand and political action on the other It shows how reformism is deeply rooted in Islamic tradition and how Sunni scholars have become activists for change in Saudi Arabia **An Islamic Reformation?** Michaelle Browers, Charles Kurzman, 2004-01-01 This book brings together scholars with expertise in modern Islamic thought and practice to evaluate the claim that we are witnessing something tantamount to an Islamic Reformation by assessing the character and impact of various reformist trends in the Middle East and North Africa Each chapter also addresses the question of the appropriateness and usefulness of comparisons between Christian and Islamic or Western and Eastern reformations Conflict, Identity, and Reform in the Muslim World Daniel Brumberg, Dina Shehata, 2009 Conflict Identity and Reform in the Muslim World highlights the challenges that escalating identity conflicts within Muslim majority states pose for both the Muslim world and for the West an issue that has received scant attention in policy and academic circles **Islamic Reform** David Dean Commins, 1990-04-12 Religious community and nation have long been the chief poles of political and cultural identity for peoples of the modern Middle East This work explores how men in turn of the century Damascus dealt in word and deed with the dilemmas of identity that arose from the Ottoman Empire s 19th century reforms Muslim religious scholars ulama who

advocated a return to scripture as the basis of social and political order were the pivotal group The reformers clashed with their fellow ulama who defended the integrity of prevailing religious practices and beliefs In addition to two conflicting interpretations of Islam Arabism comprised a new strand of thought represented by young men with secular educations advancing Arab interests in the Ottoman Empire Religious reformers and Arabists shared a political agenda that shifted focus from constitutionalism before 1908 to administrative decentralization shortly thereafter Using unpublished manuscripts and correspondence inheritance documents and Ottoman era periodicals this work weaves together social political and intellectual aspects of a local history that represents an instance of a fundamental issue in modern history **Reform and**

Modernity in Islam Safdar Ahmed,2013-05-30 The debate over Islam and modernity tends to be approached from a Eurocentric perspective that presents Western norms as a template for progress against which Islamic societies can be measured This misses the historical development of Muslim reformist thought that actively engages with the world around it and seeks to reconfigure Islam within the diverse conditions of modernity Safdar Ahmed paints a complex and nuanced picture that goes beyond the idea that Muslim reformers have either reproduced or reacted against Western ideas Rather Ahmed argues they have reconstructed and appropriated these ideas and so the thread of Western influence runs through modern Islamic thought on nationalism and sovereignty femininity and gender Ahmed uncovers new historiographical perspectives by critically examining the work of prominent intellectuals such as Muhammad Abduh Qasim Amin and Abdul Ala Maududi **Radicalism and Political Reform in the Islamic and Western Worlds** Kai Hafez,2010-05-24 Over the

last decade political Islam has been denounced in the Western media and in the surrounding literature as a terrorist or fascist movement that is entirely at odds with Western democratic ideology Kai Hafez s book overturns these arguments contending that despite its excesses as a radical form of political opposition the movement plays a central role in the processes of democratization and modernization and that these processes have direct parallels in the history and politics of the West By analyzing the evolution of Christian democratization through the upheavals of the Reformation colonisation fascism and totalitarianism the book shows how radicalism and violence were constant accompaniments to political change and that these components despite assertions to the contrary are still part of Western political culture to this day **Revival**

and Reform in Islam Bernard Haykel,2003-05-27 Revival and Reform in Islam is at once an intellectual biography of Muhammad al Shawkani and a history of a transitional period in Yemeni history This was a time when a society dominated by traditional Zaydi Shiism shifted to one characterised instead by Sunni reformism The author traces the origins and outcomes of this transition presenting the first systematic account of the ways in which the eighteenth and nineteenth century reorientation of the Zaydi madhhab and consequent sunnification of Yemeni society were intricately linked to tensions within the political realm In advocating juridical systematization of religious belief and practice Shawkani espoused a socio religious order which in its dominant features echoed key aspects of Western modernity Yet he did so in a context bereft of Western

ideational influence This study then presents a textured account of eighteenth century Islamic reformist thought and challenges the meaning of modernity in an Islamic context Islamic Reform in South Asia Filippo Osella, Caroline Osella, 2013-05-16 The articles in this volume build up ethnographic analysis complementary to the historiography of South Asian Islam which has explored the emergence of reformism in the context of specific political and religious circumstances of nineteenth century British India Taking up diverse popular and scholarly debates as well as everyday religious practices this volume also breaks away from the dominant trend of mainstream ethnographic work which celebrates sufi inspired forms of Islam as tolerant plural authentic and so on pitted against a reformist Islam Urging a more nuanced examination of all forms of reformism and their reception in practice the contributions here powerfully demonstrate the historical and geographical specificities of reform projects In doing so they challenge prevailing perspectives in which substantially different traditions of reform are lumped together into one reified category often carelessly shorthanded as wah habism and branded as extremist if not altogether demonised as terrorist
