Reforming Tradition:

Reforming Memory Robert Vosloo, 2017-10-02 Although we should acknowledge the fragility of memory we should nevertheless affirm the remarkable ability of memory to reform and transform our identity Our memories and ways of remembering are however often marked by trauma and violence Memory therefore not merely reforms it too is in need of reformation redemption and transformation With this emphasis in mind Reforming Memory grapples with the question what a responsible engagement with the past entails also for Christians and churches associated with the Reformed tradition The history of Reformed churches in South Africa is one can argue a deeply divided and ambivalent one The same figures are heroes to some and villains to others historic events are deeply ambiguous and conflicting views surround different discourses Yet the histories and perhaps futures of these churches and traditions are inextricably interwoven Reforming Memory fundamentally combines an interest in the notion of memory with an interest in South African Reformed theology and history Central is the question how should we remember and represent the past responsibly The essays collected in this book engage in different ways with this question attending in the process to some episodes in the history of the Dutch Reformed Church some influential Reformed theologians and some important Reformed practices and confessional documents

Perpetually Reforming: A Theology of Church Reform and Renewal John P. Bradbury, 2013-07-18 One of the slogans of the reformation was *ecclesia reformata semper reformanda* the reformed church always reforming Churches throughout the western world are currently engaged in reform and renewal programmes through internal structural reforms as well as movements such as emerging church This book presents a challenging theology of church reform and renewal that offers a contemporary understanding of this historic slogan Taking an interdisciplinary approach Bradbury discerns processes and practices which are perpetually reforming and renewing the identity of the church It examines doctrinal and confessional conceptions of the church re examines texts concerned with covenantal renewal and explores Jewish Christian dialogue as an example of renewal A constructive theology is offered utilizing the categories of collective memory and mimetic practice This upholds fundamental Christian identity whilst driving the process of reform and renewal under God in the context of a three way relationship between God the church and the world

Reformed and Always Reforming (Acadia Studies in Bible and Theology) Roger E. Olson, 2007-10-01 The community of evangelicals sometimes seems so broad as to defy definition but theological conservatism has been one consistent marker Now says theologian Roger Olson postconservatism is moving beyond conventional battles against liberalism and heresy to posit a dynamic and realistic approach While conservatives strive to preserve tradition and protect orthodoxy postconservatives urge openness to doctrinal reform without abandoning orthodoxy Where differences exist between doctrine and Scripture doctrine must be brought into conformity with the Word Postconservatives want to free evangelical theology from its paradoxical captivity to rationalism and its obsession with facts so that it may recognize truth in experience and personal knowledge Theologians

pastors seminarians and serious thinkers will find many depths to plumb in this exhaustive survey of critics advocates and fellow travelers on the evangelical journey *Major Themes in the Reformed Tradition* Donald K. McKim, 1998-03-11 A compilation of thirty seven essays outlining and exemplifying Reformed views on the major Christian doctrines and practices As editor Donald McKim notes this volume constitutes the only substantial theological reference tool for studying the major emphases of Reformed theology **Francis Turretin (1623-87) and the Reformed Tradition** Nicholas A. Cumming, 2020-09-25 In this biography of Reformed theologian Francis Turretin 1623 87 Nicholas A Cumming provides critical context for the life and theology of this important seventeenth century theologian and his impact on the Reformed tradition as a whole Turretin has commonly been identified as a strict scholastic theologian this work places Turretin in his broader context analyzing his life and theology in terms of the political and religious aspects of post Reformation Europe and his posthumous influence on nineteenth and twentieth century Reformed theology This work begins with a biography of Turretin including his education and ministry then proceeds to the context of Turretin s theology in the early modern and modern periods particularly in relation to his major work *The Institutes of Elenctic Theology* **Reforming Sodom** Heather R. White, 2015-07-24 With a focus on mainline Protestants and gay rights activists in the twentieth century Heather R White challenges the usual picture of perennial adversaries with a new narrative about America s religious and sexual past White argues that today s antigay Christian traditions originated in the 1920s when a group of liberal Protestants began to incorporate psychiatry and psychotherapy into Christian teaching A new therapeutic orthodoxy influenced by modern medicine celebrated heterosexuality as God given and advocated a compassionate cure for homosexuality White traces the unanticipated consequences as the therapeutic model gaining popularity after World War II spurred mainline church leaders to take a critical stance toward rampant antihomosexual discrimination By the 1960s a vanguard of clergy began to advocate for homosexual rights White highlights the continued importance of this religious support to the consolidating gay and lesbian movement However the ultimate irony of the therapeutic orthodoxy s legacy was its adoption beginning in the 1970s by the Christian Right which embraced it as an age old tradition to which Americans should return On a broader level White challenges the assumed secularization narrative in LGBT progress by recovering the forgotten history of liberal Protestants role on both sides of the debates over orthodoxy and sexual identity *Reform in Modern Russian History* Theodore Taranovski, Peggy McInerny, 1995-01-27 This volume provides a comparative study of the problems and prospects of reform in modern Russian history Drawn from contributions to a May 1990 conference sponsored by the Kennan Institute for Advanced Russian Studies the book raises important methodological and historiographic questions regarding the content scope and significance of various reform efforts ranging from the Great Reforms of tsar Alexander II to attempts to salvage the Soviet system undertaken by Khrushchev and Gorbachev One of the key issues raised is whether various attempts to modernise the political and social system were a series of cyclical failures or demonstrate a pattern of progressive development Reform in
