

Willy Maley, "'Reading signs of our times': Review of Marina Warner, *Signs & Wonders: Essays on Literature and Culture* (London: Chatto & Windus, 2003)", *The Herald* (Weekend Living: Books), 9 August 2003, p. 12.

Shakespeare and the dollar sign, two of the most potent symbols of our age, are handled with authority and insight in this vibrant and varied selection of essays, lectures, obituaries and reviews written over a thirty-year period. Such a project runs the risk of pieces past their tell-by-date, readers struggling with reviews of books long out of print, profiles of wannabes turned has-beens. *Signs & Wonders* presents a model profile of finely chiseled features, wisely chosen and intelligently organized – thematically rather than chronologically.

The section on Shakespeare is especially rewarding. Warner's Will isn't the patriarchal, patriotic bard of recent criticism, subject to bardolatry and bardicide in equal measures. It's no surprise that Warner's inspired by – and inspiring about – Shakespeare. Her 1992 novel, *Indigo*, is a reworking of the *Tempest*, which Warner calls a "re-visioning". That play's best-known characters are Prospero the settler and his native servants, the slavish Ariel and the rebellious Caliban. While Caliban has become a hero of the colonized, Prospero's daughter, Miranda, more marooned than her father, remains a neglected female figure. Warner, ever concerned with fringe players, places Miranda centre-stage. As she says in a lecture here on the writing of the novel: "I wanted Miranda to extricate herself from her father's plot".

Warner has everything covered, from Voltaire to Vietnam, from Jonah and the whale to Joan of Arc. Her opening shots, "The Bitch Route 13" and "Crushed Butterflies of War", daring dispatches from Seventies Saigon, say more about war and gender in a page than others manage in an age. The bulk of the book is material commissioned, invited, and occasional, but nothing jolts that isn't meant to.

Journalists talk of angles. Warner, taking her cue from Emily Dickinson, likes to "tell it slant". Many shorter items reprinted here have the air of urgency that typifies print journalism, with its deadlines and word limits, but backed up by reading that is deep and wide. Few writers are prolific and profound. Warner's mix of the sage and the engaged makes her highly readable.

Warner focuses on female figures in fairytales, fiction, and history, from the Virgin Mary to Madonna. There's a searing critique of Madonna's Sex, but there are uneasy – and uneven – pieces too. An early profile of Margaret Thatcher concludes: "She is a good-looking woman, much prettier than she appears in photographs. The etched sternness of her features in news shots is softened in reality by her blonde hair and the excellence of her peach English complexion". This is Mrs T, the Iron Lady, newly anointed head of the Tory Party, as interviewed by Warner in 1975. But the stone in the peach will out: "She made me feel less like a frightened pupil than an anxious parent who has come with a complaint from her child, but, confronted with the imperturbable composure of the headmistress, cannot bring herself to broach the subject and leaves feeling foolish and ill at ease". A rare thing, Warner rendered speechless.

A lecture delivered in Palermo this year – "The Sign of the Dollar" – offers an ingenious interpretation of the towering inferno that engulfed the Twin Towers through a reading of Dante's *Inferno* and the Pillars of Hercules. Warner's piece is as inventive and insightful as previous comparisons with Milton's *Samson Agonistes*. If history's a nightmare, literature's a wake-up call. Warner looks for the story in history, with alarming and enlightening results.

A piece penned in 1998 bears the catchy title "Is There Another Place from which the Dickhead's Self Can Speak?", posing a question that goes to the heart of

Marina Warner and the Ethics of Telling Silenced Stories Lisa Propst, 2020-12-17 Efforts to fight back against silencing are central to social justice movements and scholarly fields such as feminist and postcolonial studies But claiming to give voice to people who have been silenced always risks appropriating those people's stories Lisa Propst argues that the British novelist and public intellectual Marina Warner offers some of the most provocative contemporary interventions into this dilemma Tracing her writing from her early journalism to her novels short stories and studies of myths and fairy tales Propst shows that in Warner's work features such as stylized voices and narrative silences tales that Warner's books hint at but never tell question the authority of the writer to tell other people's stories At the same time they demonstrate the power of literature to make new ethical connections between people inviting readers to reflect on whom they are responsible to and how they are implicated in social systems that perpetuate silencing By exploring how to combat silencing through narrative without reproducing it Marina Warner and the Ethics of Telling Silenced Stories takes up an issue crucial not just to literature and art but to journalists policy makers human rights activists and all people striving to formulate their own responses to injustice

G.K. Chesterton, London and Modernity Matthew Beaumont, Matthew Ingleby, 2013-12-05 G K Chesterton *London and Modernity* is the first book to explore the persistent theme of the city in Chesterton's writing Situating him in relation to both Victorian and Modernist literary paradigms the book explores a range of theoretical and methodological approaches to address the way his imaginative investments and political interventions conceive urban modernity and the central figure of London While Chesterton's work has often been valued for its wit and whimsy this book argues that he is also a distinctive urban commentator whose sophistication has been underappreciated in comparison to more canonical contemporaries With chapters written by leading scholars in the field of 20th century literature the book also provides fresh readings and suggests new contexts for central texts such as *The Man Who Was Thursday* *The Napoleon of Notting Hill* and the Father Brown stories It also discusses lesser known works such as *Manalive* and *The Club of Queer Trades* drawing out their significance for scholars interested in urban representation and practice in the first three decades of the 20th century

The Future of Catholic Biblical Interpretation James B. Prothro, Isaac Augustine Morales, 2024-09-10 Notable Catholic interpreters of Scripture discern the guiding values of biblical interpretation at the brink of a new era for the church Under the influence of Benedict XVI and Francis Roman Catholics whether lay or religious have found renewed interest in studying sacred Scripture Yet the church has also grown and faces new challenges in the new millennium What does the future of Catholic biblical interpretation look like And how ought the church's rich heritage of biblical interpretation continue to influence it This volume collects essays by some of the most influential voices in Catholic

biblical scholarship today Covering a variety of topics from the Old Testament to the New Testament and biblical theology the essays are united by a common goal to hear the word of God and proclaim and apply it within the church The authors pay special tribute to Marie Joseph Lagrange This nineteenth century French Dominican led the way in blending critical methodology with respect for the Church's authority in order to put scriptural study in service to the good of souls Featuring diverse and authentically Catholic perspectives The Future of Catholic Biblical Interpretation represents fresh purpose and direction for the church's long and fruitful tradition of exegesis **A. S. Byatt and Intellectual Women** Leanne

Bibby,2022-08-30 This monograph is a study of the work of British author A S Byatt exploring the cultural representation of the woman intellectual in her fiction It argues that Byatt's representations of this figure show narratives of intellectual women to be inherently mythopoeic or capable of restructuring the myth of the intellectual as male by default This mythopoeia is furthermore intrinsically feminist in function thus potentially broadening the conventional limited view of women in intellectual history The book will be the first study of Byatt's work to examine this figure in detail and the first study of women intellectuals in historical and literary discourse to apply concepts of mythopoeia and sexual difference in ways that allow new readings of women's status and work in public spheres *Patriarchy and Power in Magical Realism*

Maryam Ebadi Asayesh,2017-08-21 Although the term magical realism appeared in 1925 in pictorial art in Germany it became well known with the boom of magical realist fiction in Latin America in the 1960s Since the 1980s it has become one of the popular modes of writing worldwide Due to its oxymoronic and hybrid nature it has caught the attention of critics Some have called it a postcolonial form of writing because of its prominence in postcolonial countries while others have called it a postmodern mode because of the time of its emergence and the techniques applied in these kinds of novels This book discusses how magical realism was used in the works of three contemporary female writers Indigo or Mapping the Waters 1992 by the British Marina Warner The House of the Spirits 1982 by the Latin American writer Isabel Allende and Fatma a novel of Arabia 2002 by the Saudi Arabian Raja Alem It shows how by applying magical realism these writers empowered women Using revisionary nostalgia these works changed the process of history writing by the powerful showed the presence of women and gave voice to their unheard stories Even the techniques applied in these novels presented the clash with patriarchy and power **The Thinking Woman** Julianne van Loon,2020-10-16 Love Play Work Fear Wonder Friendship
