Look Out By Water:

Look Out by Water Helena Ramsay, 2003 Look Out by Water is a no nonsense book with a strong safety message for young children about how they should avoid potentially dangerous situations near water. The narrative throughout is in simple straightforward language which is undramatic and reassuring whilst stressing the dangers that seemingly familiar situations can hold for children. A mixture of running narrative and speech bubbles has been specially developed in association with the National Centre for Language and Literacy Reading Centre to draw in both confident and less able readers. Specially commissioned photographs are combined with child centred artwork to support the text and reiterate the safety message. Frogs Out Of Water BJ Stuart, 2012-05-21 Autumn equinox is the time for all adolescent frogs to leave the water. Big Banjo glared down at Lito ade in complete surprise. Towns are polluted. That's where people live. Why on earth would you go there? Lito ade spelled it out: I WANT TO SEE THE LAND OF DOUBLE GOLDEN RAINBOWS. There comes a time where every adventurer must travel, learn and bring home knowledge of the land and its peoples so that future generations of frogs may live and grow in peace and harmony. Join two frog friends each on his own quest as they journey through the waterways of South West Western Australia. Along the way you will meet many local Indigenous characters as each frog strives toward his ultimate goal. And so begins the most extraordinary amphibian adventure.

FOOW AAA- Frogs Out Of Water: An Amphibian Adventure, *Of Prairie, Woods, and Water* Joel Greenberg, 2008-05 In the literary imagination Chicago evokes images of industry and unbridled urban growth. But the tallgrass prairie and deep forests that once made up Chicago's landscape also inspired musings from residents and visitors alike. In *Of Prairie Woods and Water* naturalist Joel Greenberg gathers these unique voices from the land to present an unexpected portrait of Chicago in this often charming, sometimes heart wrenching anthology of nature writing. These writings tell the tale of a land in transition, one with abundant, unique and incredibly lush flora and fauna, a natural history quite elusive today. Drawing on archives he uncovered while writing his acclaimed *A Natural History of the Chicago Region*, Greenberg has hand selected these first person narratives all written between 1721 and 1959. Not every author is familiar, but every contribution is distinctive. From a pioneer's hilarious notes on life in the Kankakee marsh to Theodore Drieser's poignant plea for conservation of the Tippecanoe River to infamous murderer Nathan Leopold's charming description of a pet robin he kept in prison, the sources included are as diverse as the nature they describe. The excerpts conclude with insightful biographical essays and traverse a wide area of greater Chicagoland from the Illinois River to southwest Michigan from southern Wisconsin to the Limberlost swamp of northeastern Indiana. A fascinating record of Chicago's changing environmental history, *Of Prairie Woods and Water* captures the natural world in a way that will inspire its continued conservation.
