

LOOKING BACKWARD

They Would Gladly Go the Other Way, But Cannot. They are now, looking back.

Looking Backward At Us

Edward Bellamy

Looking Backward At Us:

Looking Backward by Edward Bellamy - A Utopian Novel Edward Bellamy, Laura Bonds, 2009-10 Meet Julian West who falls asleep in Boston for over a hundred years then wakes to find himself in a futuristic socialist utopia where people retire at 45 to live out the rest of their lives in leisure His guide in this brave new America is Doctor Leete with whom he discusses the wonders he encounters and the perils he envisions These social minded dialogues range from discussing religion an improved legal system and class equality to the use of credit cards overnight deliveries and the dangers of the stock market Edward Bellamy wrote Looking Backward in 1887 and the descriptions of his futuristic socialist utopia quickly ignited spirited debate and led to a political movement which came to be known as Nationalism The book also inspired the creation of new utopian communities as well as influencing over a century of urban planning including the Garden city movement in England This full size collectible edition has been designed for students and scholars and features a new introduction as well as a contemporary look at the life and influence of Edward Bellamy It has been updated indexed and completely restored for a modern audience Excerpt from Looking Backward by Edward Bellamy A Utopian Novel Chapter 26 Reprinted by permission All rights reserved It was the sincere belief of even the best of men at that epoch that the only stable elements in human nature on which a social system could be safely founded were its worst propensities They had been taught and believed that greed and self seeking were all that held mankind together and that all human associations would fall to pieces if anything were done to blunt the edge of these motives or curb their operation In a word they believed even those who longed to believe otherwise the exact reverse of what to us seems self evident they believed that is that the antisocial qualities of men and not their social qualities were what furnished the cohesive force of society It seems absurd to expect anyone to believe that convictions like these were ever seriously entertained by men With a tear for the dark past turn we then to the dazzling future and veiling our eyes press forward The long and weary winter of the race is ended Its summer has begun Humanity has burst the chrysalis The heavens are before it Critical reviews for Looking Backward One of the most remarkable books ever published in America it is one of the few books ever published that created almost immediately on its appearance a political mass movement Erich Fromm While almost prophetic in its 19th century predictions of many modern contrivances socially Looking Backward stands in stark contrast to America as it exists in the grip of the early 21st century world economic recession Yet even more than a century after it was written Bellamy s masterpiece now burns even brighter as a beacon of hope for class equality and the ideas associated with Christian socialism Shawn Connors editor of Men Women by Robert Browning Transcendentalism A Poem in Twelve Books *Looking Backward, 2000 to 1887* Edward Bellamy, 2019-01-31 Looking Backward 2000 1887 is a utopian science fiction novel by Edward Bellamy a journalist and writer from Chicopee Falls Massachusetts it was first published in 1888 [Looking Backward 2000-1887](#) Edward Bellamy, 2013-06-19 Stimulating thought provoking utopian fantasy about a young man who s put into a hypnotic sleep in the

late 19th century and awakens in the year 2000 to find a vastly changed world where crime war and want no longer exist A provocative study of human society as it is and as it might be Edward Bellamy s Looking Backward 2000 1887 is one of the most influential utopian novels in English The narrative follows Julian West who goes to sleep in Boston in 1887 and wakes in the year 2000 to find that the era of competitive capitalism is long over replaced by an era of co operation Wealth is produced by an industrial army and every citizen receives the same wage There is no better book than Looking Backward for understanding the intersecting private and public spheres in Victorian America Richard Fox Futurama: Looking Backward at Present Day America Christian Schlegel,2014-06-27 Matt Groening developed together with his friend and colleague David X Cohen the TV Show Futurama set in New York in the year 3000 Groening describes his vision of the future in Futurama as corporate commercial and confusing which is not what he expects it to be and it is not necessarily valuing this world as good or bad Thus the assumption of this study is that Futurama presents a stereotyped science fiction world that deals with themes and problems of our present time This becomes clear when looking at the excessive use of allusions and references to political and historical events as well as to popular and classical culture The creators comment that way on topics that concern us or at least should concern us today The task of this study is to identify these topics and references focusing on America as a political entity and thereby discuss the points of criticism Futurama raises *Looking Backward* Edward Bellamy,2016-07-04 With an Introduction by Heywood Broun Notice This Book is published by Historical Books Limited [www publicdomain org uk](http://www.publicdomain.org.uk) as a Public Domain Book if you have any inquiries requests or need any help you can just send an email to [publications publicdomain org uk](mailto:publications@publicdomain.org.uk) This book is found as a public domain and free book based on various online catalogs if you think there are any problems regard copyright issues please contact us immediately via DMCA [publicdomain org uk](mailto:publicdomain.org.uk) **Looking Backward, 2000 to 1887** Edward Bellamy,2019-04-07 Looking Backward 2000 1887 is a utopian science fiction novel by Edward Bellamy a journalist and writer from Chicopee Falls Massachusetts it was first published in 1888 **Looking Backward, 2000 to 1887** Edward Bellamy,2016-06-20 Living as we do in the closing year of the twentieth century enjoying the blessings of a social order at once so simple and logical that it seems but the triumph of common sense it is no doubt difficult for those whose studies have not been largely historical to realize that the present organization of society is in its completeness less than a century old No historical fact is however better established than that till nearly the end of the nineteenth century it was the general belief that the ancient industrial system with all its shocking social consequences was destined to last with possibly a little patching to the end of time How strange and wellnigh incredible does it seem that so prodigious a moral and material transformation as has taken place since then could have been accomplished in so brief an interval The readiness with which men accustom themselves as matters of course to improvements in their condition which when anticipated seemed to leave nothing more to be desired could not be more strikingly illustrated What reflection could be better calculated to moderate the enthusiasm of reformers who count for their

reward on the lively gratitude of future ages The object of this volume is to assist persons who while desiring to gain a more definite idea of the social contrasts between the nineteenth and twentieth centuries are daunted by the formal aspect of the histories which treat the subject Warned by a teacher s experience that learning is accounted a weariness to the flesh the author has sought to alleviate the instructive quality of the book by casting it in the form of a romantic narrative which he would be glad to fancy not wholly devoid of interest on its own account The reader to whom modern social institutions and their underlying principles are matters of course may at times find Dr Leete s explanations of them rather trite but it must be remembered that to Dr Leete s guest they were not matters of course and that this book is written for the express purpose of inducing the reader to forget for the nonce that they are so to him One word more The almost universal theme of the writers and orators who have celebrated this bimillennial epoch has been the future rather than the past not the advance that has been made but the progress that shall be made ever onward and upward till the race shall achieve its ineffable destiny This is well wholly well but it seems to me that nowhere can we find more solid ground for daring anticipations of human development during the next one thousand years than by Looking Backward upon the progress of the last one hundred That this volume may be so fortunate as to find readers whose interest in the subject shall incline them to overlook the deficiencies of the treatment is the hope in which the author steps aside and leaves Mr Julian West to speak for himself

Looking Back to See Maxine Brown,2009-12-30 Revealing entertaining window on the music of the 50s and 60s

Looking Backward & Looking Further Backward Edward Bellamy,Arthur Dudley Vinton,2018-06-05 This carefully crafted ebook *Looking Backward Looking Further Backward* is formatted for your eReader with a functional and detailed table of contents *Looking Backward* Julian West a young American towards the end of the 19th century falls into a deep hypnosis induced sleep and wakes up 113 years later He finds himself in the same location Boston Massachusetts but in a totally changed world It is the year 2000 and while he was sleeping the United States has been transformed into a socialist utopia The young man readily finds a guide Doctor Leete who shows him around and explains all the advances of this new age including drastically reduced working hours for people performing menial jobs and almost instantaneous Internet like delivery of goods The two start working on improving the future with the experiences from the past and the presence *Looking Further Backward* Set in future of 2023 the book narrates the story of how China invades USA in 2020 after China has adopted rampant capitalism as opposed to rest of the world who are in throes of Nationalism a socialism like set up Written in a form of a diary the novel directly hits out at Edward Bellamy s 1888 Utopian novel *Looking Backward* The political drama that unfolds in this novel will make you deeply wonder how the author could foresee so much **Looking Backward** Edward Bellamy,2020-12-01 Julian West is an aristocrat in 19th century America He has all that he would ever need a happy engagement wealth and a pleasant place to live Because of his comfortable place in society Julian is unsympathetic to the plight of the middle and lower class and even looks to their protests and strikes with disdain and

contempt One day to calm himself he decides to be put in a hypnotic sleep by his doctor in his own underground bunker This was routine for Julian but when tragedy in the form of a fire strikes Julian is presumed dead and left in the bunker A century later Julian is found but wakes to a world he could never predict With the help of the man that found him Doctor Leete and Leete s daughter Edith Julian becomes familiar with the 20th century American reality of equality between the sexes the abolition of poverty free education and fair working conditions Julian must then accept recognize his unempathetic views of the past now understanding that life is better when people of all genders classes and race can be happy But when Julian finds himself back in the 19th century he struggles to convince others of his knowledge and starts to wonder if the ideal 20th century was all a dream Looking Backward was one of the most commercially successful novels of the 19th century and upon its publication inspired mass political movement With the portrayal of the 20th century Bellamy advocates for equality and rejects war and capitalism By depicting a happy working environment where citizens had the freedom to choose their occupations receive fair wages and are able to retire at a reasonable time Bellamy raises awareness for the working class Looking Backward has since inspired the ideology of socialism and proposes solutions to problems that America still struggles with today This edition of Looking Backward by Edward Bellamy features a striking new cover design and is reprinted in a readable font With these changes the compelling plot and insight of Looking Backward is accessible and worthy of conversation
