The Old Book Peddler and other tales for bibliophiles Stefan Zweig,2022-08-16 In *The Old Book Peddler and Other Tales for Bibliophiles* Stefan Zweig weaves a rich tapestry of stories that celebrate the intrinsic value of literature and the human spirit's enduring relationship with books. With his characteristic lyrical prose and acute psychological insight, Zweig expertly navigates the intersection of obsession, passion, and nostalgia within the world of bibliophiles. Each tale unfolds with a profound reverence for the printed word as characters grapple with their desires and memories, showcasing Zweig's deep understanding of both literary form and the cultural context of early 20th-century Europe, a period fraught with existential uncertainties. Stefan Zweig was a prominent Austrian writer and playwright deeply influenced by the intellectual turbulence of his time. His works often reflect themes of personal crisis and existential reflection, mirroring the societal shifts of post-World War I Europe. Zweig's own love for literature and the arts inspired him to explore how books serve as both artifacts and vessels of human experience, ultimately leading to his creation of this collection. His profound empathy for the human condition permeates these stories, establishing a bridge between the reader and the intricacies of bibliophilic fervor. This collection is a must-read for lovers of literature, drawing them into Zweig's exquisite world where books transcend mere pages and ink, becoming conduits of emotion and wisdom. *The Old Book Peddler and Other Tales for Bibliophiles* invites readers to reflect on their own relationships with literature, making it an invaluable addition to any bibliophile's library.

American Book Publishing Record Cumulative, 1950-1977: Title index R.R. Bowker Company. Department of Bibliography,1978 Garrison Tales from Tonquin James O'Neill,2006-10-01 The thought of enlisting in the French Foreign Legion held a tantalizing allure for young nineteenth-century American boys in search of adventure. Apart from youthful fantasies, few Americans seriously pursued joining the legion. These surprising and extraordinary short stories, written by one young man who did take us to that time and place, were born in Bridgeport, Connecticut. James O'Neill enlisted in the legion in 1887 at the age of twenty-seven. In 1890, he was deployed to Tonkin in French Indochina, more familiar today as Tonkin, Vietnam. O'Neill faced tropical heat, infectious disease, and sudden death. Like his contemporary Stephen Crane, O'Neill's ability to tell an engaging story and his keen sense for telling details provide a unique record of his time in this exotic world. In these thirteen tales, O'Neill shows with surprising subtlety that France's efforts to conquer and govern Indochina were foolhardy. Although the only American in his stories is the narrator, it is clear that the tales are aimed at readers in the United States and are intended to caution against the construction of empires abroad. Far from polemical tirades, these are absorbing, unadorned stories remarkably contemporary in both style and substance. Charles Royster provides a short biography of O'Neill, who seems to have vanished into obscurity a few years after these stories were first published in 1895. Royster has also unearthed and included two essays O'Neill published in magazines of the time: one, a description of a Buddhist temple in Hanoi, and the
