Hunt, 1995 This book makes a very ambitious proposal The proposal is that Catholic social thought can contribute significantly to revivifying the American experiment in liberal democracy That there is a need and urgent need for such a revival is today widely recognized by thinkers across the political and philosophical spectrum Some of the essays here are polemical and others apologetic but the book taken all in all is a proposal As such it must make its case sometimes in conversation with and sometimes against other proposals that are advanced in the public square of democratic discourse Foreword

Miracles & Sacrilege William Bruce Johnson, 2008-01-01 Tracing the development of the Church in the United States Johnson discusses the reasons it found The Miracle sacrilegious and how it attained the power to persuade civil authorities to ban it

The Two Churches Michael L. Budde, 1992 Budde contends that world Catholicism led by its Third World majority most notably in Latin America will continue to develop in an increasingly anticapitalist direction and he suggests that once dominant First World Catholic churches exemplified by the U S Catholic church are poorly placed to respond in solidarity

with their coreligionists from the Third World Covering a wide range of theoretical and substantive matters The Two Churches examines religion as a source of both social legitimation and social rebellion It demonstrates the importance of ecclesiology a branch of theology dealing with theories of the church and it highlights the effect of capitalism on world Catholicism as well as the latter s influence on the development of the capitalist order **Weaving the American Catholic Tapestry** Derek C. Hatch,Timothy R. Gabrielli,2017-03-28 Concerned that American Catholic theology has struggled to find its own voice for much of its history William Portier has spent virtually his entire scholarly career recovering a usable past for Catholics on the U S landscape This work of ressourcement has stood at the intersection of several disciplines and has unlocked the beauty of American Catholic life and thought These essays which are offered in honor of Portier s life and work emerge from his vision for American Catholicism where Scripture tradition reason and experience are distinct but interwoven and inextricably linked with one another As this volume details such a path is not merely about scholarly endeavors but involves the pursuit of holiness in the real world **Eclipse of Justice** George E. McCarthy,Royal W. Rhodes,2008-12-21 A sociologist and a church historian provide a probing scholarly critique of Economic Justice for All the American bishops pastoral letter on Catholicism and the U S economy McCarthy and Rhodes examine the letter s focus on poverty inequality and powerlessness in American society They review classical concepts of social ethics and economic justice as applied by the bishops to analyze the social political and economic institutions of American By examining reactions to the letter from both the political left and right Eclipse of Justice opens up the full range of debate about the nature of social ethics The first part of Eclipse of Justice presents the moral dilemma created by the bishops critique of liberalism they pronounced it a social and moral scandal and explores the antecedents papal episcopal and lay that provided the ideas and vocabulary for the bishops letter The second part analyzes the pastoral letter and locates it within the larger context of debates about economic structures in modern liberalism The third part examines attempts of the bishops to relate Christian social doctrine to international political and economic issues and probes the contributions of liberation theology and dependency theory In Good Company Stanley Hauerwas,1995-07-31 By exposing a different account of politics the church as polis and counterstory to the world s politics Stanley Hauerwas helps Christians to recognize the unifying beliefs and practices that make them a political entity apart from the rest of the world *Ethics after Christendom* Vigen Guroian,2004-08-24 Ethics after Christendom proposes that the special moral challenge facing churches in post Christian societies is to center Christian ethics ecclesially while also keeping it both evangelical and catholic Siding with the diagnosis that North American Christendom has drawn to an end Vigen Guroian provides an analysis of the present cultural context in which Christian ethics must now be done discusses the role of churches after Christendom and shows through the application of ecclesial ethics to family medicine and ecology how liturgy enriches and deepens the Christian ethical vision **U.S. Catholic Historian** ,1993
