New Governance New Democracy Post Devolution Wales:

New Governance - New Democracy? Paul Chaney, Tom Hall, Andrew Pithouse, 2001 The creation of the National Assembly for Wales and Scottish Parliament has altered the democratic landscape of the UK In assuming many policy and administrative responsibilities previously held by the central government the Welsh assembly promises innovation in governance and there are high expectations that devolution will bring about significant changes in Welsh life New Governance New Democracy questions whether these expectations are likely to be fulfilled Drawing on interviews with many of the people who have influenced the devolution experiment from politicians to ordinary citizens this book offers interdisciplinary discussion and analysis of issues ranging from electoral turnout participation and legitimacy to the involvement of marginalized groups in the process of government It also examines the developing relationship between the new Welsh legislature and the voluntary sector the governance of economic development and the regulation and political control of public agencies in Wales

Reinventing Britain Andrew McDonald, 2007-10-30 Contrary to popular myth Britain does have a constitution one that is uncoded and commanded little political interest for most of the twentieth century In the late 1990s Tony Blair's New Labour Government launched a program of reform that was striking in its ambition Reinventing Britain tells the story of Britain's constitutional reform and weighs its long term significance with essays both by officials who worked on the reforms and by other leading commentators and academics from Britain and North America Contributors Mark Bevir Jack Citrin Joseph Fletcher Robert Hazell Ailsa Henderson Kate Malleson Craig Parsons Kenneth MacKenzie Peter Riddell

Beyond Devolution and Decentralisation Alistair Cole, 2006-04-13 Beyond devolution and decentralisation compares the politics policies and polity building dynamics of devolution in Wales and decentralisation in the French region of Brittany Empirically the book draws conclusions from in depth fieldwork within two regions and reports the findings of a comparative public opinion survey Theoretically it contributes towards our understanding of the comparative study of regions Perhaps most impressive is how the case studies generally are based on but also cast light back to the nuanced theoretical framework on regional capacity established at the outset The book uncovers the dynamics of devolution in Wales and decentralisation in Brittany through extensive face to face interviews over 200 interviews were carried out from 2001 to 2004 a formative stage in the development of the devolved institutions in Wales and a period of expectation in Brittany as well The book will be of interest to the professional research community and to practitioners in Britain France and beyond as well as to students on comparative politics British Welsh politics French politics European studies and public policy courses

Making Sense of Wales Graham A S Day, 2002-07-30 Making Sense of Wales gives an account of the main changes that have taken place in Welsh society over the last fifty years as well as analysing the major efforts to interpret those changes By placing work done in Wales in the context of broader developments within sociological approaches over the period Graham Day demonstrates that there is a body of work on Wales worth considering in its own right as a specific contribution to sociology He also shows the relevance of sociological accounts of Wales for understanding contemporary empirical and theoretical concerns in social analysis Beginning with post war analysis which considered Wales in terms of regional planning and policy Day shows how more theoretically informed perspectives have come to the fore in recent years He also examines more contemporary developments such as gender and class transformations the emphasis on the centrality of the Welsh language for conceptions of Wales and Welshness as well as the impact of new forms of governance and questions of social exclusion

Gender and Social Justice in Wales Nickie Charles, Charlotte Aull Davies, 2018-01-15 This book assesses how policies developed by the National Assembly for Wales are affecting gender inequalities and investigates whether they are having an impact on social justice for women in Wales In 1999 the first elections to devolved governments took place in Scotland and Wales In Wales this resulted in 40 per cent of Assembly Members being women In 2003 this proportion increased to 50 per cent which makes the National Assembly for Wales the first legislative body with equal numbers of men and women in the world The Guardian 3 5 03 This new gender balance of political representatives is a significant change in the gendering of political institutions and this together with the creation of a new tier of government has the potential to create new opportunities for the development of social policies which address gender and other social inequalities Focusing on distinct policy domains this book explores gender politics in a devolved Wales Each chapter investigates a particular aspect of social policy exploring the way it has
