New Letters Winter 1986 87:

Of Memory and Desire Gladys Swan, 1989-08-01 These eleven compelling stories reveal the interplay and varying hues of two basic elements of human experience: memory and desire. Gladys Swan's characters are frequently forced to shed their illusions as they struggle to shape their lives. The title story, like many of the others in the collection, has as its backdrop the beautiful but sometimes harsh landscape of the American Southwest. There a reclusive farmer known as Goat Man takes in a young Mexican boy as his companion. When the greed of a tax collector and the complicity of a community destroy Goat Man, the boy vanishes into the night but returns in the form of a legend, a reminder to the residents of the valley of their changing, crueler world. In another story, a traveling carnival breaks down when a sandstorm does final damage to the dreams of the company, and a tired, almost defeated woman attempts to regroup and continue what has been so hopefully called *Carnival for the Gods*. An older couple, carrying their Jewish past to a Land of Promise, discovers instead an alien territory and must struggle from day to day, one leaning to the past, the other inclining toward an unattainable vision of the future. In *The Ink Feather*, a small, lonely girl, witness to endless quarrels between her mother and her much older brother, draws comfort from the world of her dolls and the prospect of adventure outside the mist-covered windows of her house. In *Getting an Education*, a diffident young woman, trying to be a student and to discover what she ought to be learning, finds insight in the details of the lives around her, especially the secretive, eccentric existence of one of her professors. A widowed grandmother in *Black Hole* is impregnated during a chance encounter with a nameless stranger and shocks her family when she determines to give birth to and raise her child. Like that grandmother, all of the characters in these fictions, whether from the comfortable middle class or the fringes of society, are at odds with themselves and their world. It is Gladys Swan's special gift that she can so seamlessly depict the particular terrors and wonders of their lives. This is a mesmerizing collection. **Liszt Ferenc: A**

Complete Thematic Catalogue Leslie Howard, Minkyu Kim [한민구], Aidan Módica, Michael Short, 2025-02-20 The first catalogues of Liszt's oeuvre were published during his own lifetime. In 1855 the *Thematisches Verzeichniss* appeared in print, but this included only a selection of his published works. An expanded version was issued in 1877, although it was still missing many published compositions. After Liszt's death in 1886, it took a long time for there to be any serious scholarship focused on cataloguing the vast quantity of music by this prolific composer. The German composer Peter Raabe compiled the first exhaustive work list in 1931, revised by Felix Raabe in 1968. In England, Humphrey Searle's 1954 catalogue for Grove's *Dictionary of Music* introduced S numbers, which neatly organised Liszt's works by genre. This system of S numbers quickly became the standard for identifying and cross-referencing the music of Liszt, both in academic circles and by general musicians. In 2001, Maria Eckhardt and Rena Charnin Mueller introduced a new system with LW numbers in *The New Grove Dictionary*, though its complexities and omissions have limited its use. The current *Thematic Catalogue* by Leslie Howard, Minkyu Kim, Aidan Módica, and Michael Short is an attempt to preserve and amplify the work list in a comprehensive and

comprehensible way retaining and extending the Searle enumeration The thematic catalogue organises all of Liszt's works including original compositions transcriptions alternative versions and missing or doubtful works It retains Searle numbers for continuity while expanding the list with newly discovered works to ensure a complete and coherent reference provides a connected view of multiple versions transcriptions and revisions with cross references ensuring no version is overlooked or misrepresented includes full thematic incipits for all works making identification of Liszt's pieces easier documents all known manuscripts first editions and revisions along with detailed references to Liszt's correspondence and significant scholarly articles offering essential historical context for research
