INTRODUCTION

Language played an important role in our daily communicated. People in this world used language to communicate each other in order to express their ideas and feeling. Sriyono (2017:3) stated that language is a highly organized system in which each unit plays an important part which is related to each other. The people live used language as a tool of communication. There are many things that we can learn about language, such phonology, morphology, syntactic, and semantic, mainly English. Such the researcher knew that English has many part of speech, vocabulary and structure that must understand deeply to construct a good communication or just to create a sentence. Sentence has system formation to make sentence correctly which is called syntax.

There are some previous researchers related to this research. The first, on article from Diana Kusuma Sari of the writer entitles *A Syntactic Analysis of Noun Phrase In The Text of Developing English Competencies Book For X Grade of Senior High School*. It published on Muhammadiyah University of Surakarta in 2011. It found that there are six constructions of the constituent of Noun Phrase in the text of Developing English Competencies Book for X Grade of Senior High School. Her research analyzed about noun phrase. It is similar with this research that is also about noun phrase. But different with this research is describe English noun phrase found in the text book.

The second, on article from Junaid of the writer entitles *A Syntactic Analysis of The English Noun Phrase (A Study at The Fifth Semester of English Department Faculty of Teacher Training and Education University of Muhammadiyah Makassar)*. It published on University of Muhammadiyah Makassar in 2018. There are similarities and differences between the present studies with Junaid's research. The similarities we can see from study problem about noun phrase. But differences with this research is describe English noun phrase found out by the students of the fifth semester of English Department.

Based on explanation above, Syntax studied how to combine words into bigger linguistics unit of phrases or sentences (Chomsky, 2003:11). It meant syntax is the study of how to arrange English words into an appropriate sentence or it can also be said that syntax is one of aspect that governs the ways in which words combined to phrases. In addition, Prastowo (2009:65) said that phrase is an annexation of two or more words, which obtain a word as a central idea from this annexation, these words made a new explanation of the meaning.
