

THE NEW DICTIONARY OF
IRISH HISTORY
1800 - 2000

P. HICKEY & E. O'MALLEY

New Dictionary Of Irish History 1800 2000

J. R. Hill

New Dictionary Of Irish History 1800 2000:

A New Dictionary of Irish History from 1800 D. J. Hickey, J. E. Doherty, 2003 The first paperback edition of the definitive reference book on modern Irish history Comprising almost 2 000 headwords it remains the only such work completely devoted to the modern period *The Titled Americans* Elisabeth Kehoe, 2005-10-11 Set against the backdrop of Victorian and Edwardian society a portrait of the three Jerome sisters Jennie Clara and Leonie American heiresses who married into the heights of British society spans three generations from their parents through their children including Jennie's son Winston Churchill Publisher *Historical Dictionary of the British Empire* Kenneth J. Panton, 2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth's land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re-exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The Historical Dictionary of the British Empire covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain **Young Ireland and the Writing of Irish History** James Quinn, 2015 Examines why Young Ireland attached such importance to the writing of history how it went about writing that history and what impact their historical writings had

A History of Ireland, 1800-1922 Hilary Larkin, 2014-02-01 The years of Ireland's union with Great Britain are most often regarded as a period of great turbulence and conflict And so they were But there are other stories too and these need to be integrated in any account of the period Ireland's progressive primary education system is examined here alongside the Famine the growth of a happily middle class Victorian suburbia is taken into account as well as the appalling Dublin slum statistics In each case neither story stands without the other This study synthesises some of the main scholarly developments in Irish and British historiography and seeks to provide an updated and fuller understanding of the debates surrounding nineteenth and early twentieth century history **A New History of Ireland Volume VII** J. R. Hill, 2010-08-26 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume VII covers a period of major significance

in Ireland's history. It outlines the division of Ireland and the eventual establishment of the Irish Republic. It provides comprehensive coverage of political developments north and south as well as offering chapters on the economy, literature in English and Irish, the Irish language, the visual arts, emigration and immigration, and the history of women. The contributors to this volume, all specialists in their field, provide the most comprehensive treatment of these developments of any single volume survey of twentieth-century Ireland.

Sociolinguistics in Ireland R. Hickey, 2016-04-12 Sociolinguistics in Ireland takes a fresh look at the interface of language and society in present-day Ireland. In a series of specially commissioned chapters, it examines the relationship of the Irish and English languages and traces their dynamic development both in history and at present.

The Irish Civil War and Society G. Foster, 2015-02-18 The Irish Civil War and Society sheds new light on the social currents shaping the Irish Civil War from the politics of respectability behind animosities and discourses to the intersection of social conflicts with political violence to the social dimensions of the war's messy aftermath.

Home Rule from a Transnational Perspective: The Irish Parliamentary Party and the United Irish League of America, 1901-1918 Tony King, 2021-01-05 When John Redmond declared 'No Irishman in America living 3,000 miles away from the homeland ought to think he has a right to dictate to Ireland', the Irish leader unwittingly made a rod for his own back. In denying the newly established United Irish League of America any input into party policy formulation, Redmond risked alienating the nation's largest diaspora should a home rule crisis ever occur. That such a situation developed in 1914 is an established fact. That it was the product of Redmond's own naivety is open to conjecture.

Home Rule from a Transnational Perspective: The Irish Parliamentary Party and the United Irish League of America, 1901-1918 explores the Irish Party's subordination of its American affiliate in light of the ultimate demise of constitutional nationalism in Ireland. This book fills a void in Irish American studies. To date, research in this field has been dominated by Clan na Gael and the Irish Revolutionary Brotherhood, particularly the transatlantic links that underpinned the Easter Rising in 1916. Little attention has been paid to the Irish party's efforts to manage the diaspora in the years preceding the insurrection or to the individuals and organisations that proffered a more moderate solution to the age-old Irish Question. Breaking new ground, it offers a fresh and interesting perspective on the fall of the Home Rule Party and helps to explain the seismic shift towards a more radical approach to gaining independence. This book is essential reading for anyone interested in Irish America, diaspora studies, Irish independence, and/or home rule. It complements the existing historiography and enhances our knowledge of a largely understudied aspect of Irish nationalism.

Dublin Nazi No. 1 Gerry Mullins, 2013-04-15 In the 1930s, Dr Adolf Mahr was head of the National Museum of Ireland, where he earned the title 'the father of Irish archaeology'. He was also the head of the Nazi Party in Ireland and was dubbed 'Dublin Nazi No. 1'. Under pressure from Irish and British military intelligence, he left for Germany shortly before the outbreak of war in 1939, never to return. To this day, he is considered in some circles to have been a spy who used his position at the museum to help prepare Germany's invasion plan of Ireland. During the war, he became director of Ireland

Redaktion the German propaganda radio service that broadcast into neutral Ireland He was later arrested and tortured by the British and upon his release tried to return to Ireland but to no avail He remains one of the most controversial figures in twentieth century Irish history

Reviewing **New Dictionary Of Irish History 1800 2000**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing.
