New Essays on Moby-Dick Richard H. Brodhead, 1986-11-28 An introductory critical guide with five specialised essays analysing Melville's classic Moby Dick **New essays on "Moby-Dick"** , 1986 **New Essays on Moby-Dick** , 2000

New essays on Moby-Dick ANON., 1991 The Critical Response to Herman Melville's Moby-Dick Kevin J. Hayes, 1994-09-29 Herman Melville's Moby Dick received considerable attention shortly after its publication in 1851 Melville's contemporaries reacted strongly to his work and his innovations often received harsh criticism from his 19th century audience Interest in Melville's novel then subsided until a revival began at the beginning of the 20th century This volume collects the most significant writings on Moby Dick to trace the critical response to the novel from the 19th century to now The introduction explores the reasons underlying the canonization of Moby Dick and provides challenging new information about the Melville revival of the early 20th century The sections that follow provide selections of criticism from Melville's contemporaries the revival of the early 20th century and academic criticism of the present day The volume includes the most important critical essays on Moby Dick along with reviews by Melville's contemporaries articles never before reprinted details gleaned from the correspondence of those who read and publicly commented on Moby Dick and an original new essay

Prospects for the Study of American Literature Richard Kopley, 1997-08 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain **The Cambridge Companion to Herman Melville** Robert S. Levine, 1998-05-13 Specially commissioned essays provide a critical introduction to one of the most significant writers of nineteenth century America **Fictions of the Black Atlantic in American Foundational Literature** Gesa Mackenthun, 2004-08-02 This book is a significant contribution to existing research on the themes of race and slavery in the founding literature of the United States It extends the boundaries of existing research by locating race and slavery within a transnational and oceanic framework The author applies critical concepts developed within postcolonial theory to American texts written between the national emergence of the United States and the Civil War in order to uncover metaphors of the colonial and imperial unconscious in America's foundational writing The book analyses the writings of canonized authors such as Charles Brockden Brown James Fenimore Cooper Edgar Allan Poe and Herman Melville alongside those of lesser known writers like Olaudah Equiano Royall Tyler Frederick Douglass Martin Delany and Maxwell Philip and

situates them within the colonial and postcolonial context of the slave based economic system of the Black Atlantic While placing the transatlantic slave trade on the map of American Studies and viewing it in conjunction with American imperial ambitions in the Pacific Fictions of the Black Atlantic in American Foundational Literature also adds a historical dimension to present discussions about the ambivalence of postcoloniality

Writing beyond Prophecy Martin Kevorkian,2013-01-02

Writing beyond Prophecy offers a new interpretation of the American Renaissance by drawing attention to a cluster of later rarely studied works by Ralph Waldo Emerson Nathaniel Hawthorne and Herman Melville Identifying a line of writing from Emerson s Conduct of Life to Hawthorne s posthumously published Elixir of Life manuscript to Melville s Clarel A Poem and Pilgrimage in the Holy Land Martin Kevorkian demonstrates how these authors wrestled with their vocational calling Early in their careers these three authors positioned their literary pursuits as an alternative to the ministry By presenting a new revelation and a new set of gospels for the nineteenth century they sought to usurp the authority of the pulpit Later in life each writer came to recognize the audacity of his earlier work creating what Kevorkian characterizes as a literary aftermath Strikingly each author later wrote about the character of a young divinity student torn by a crisis of faith and vocation Writing beyond Prophecy gives a distinctive shape to the late careers of Emerson Hawthorne and Melville and offers a cohesive account of the lingering religious devotion left in the wake of American Romanticism

Visionary of the Word Brian Yothers,Jonathan A Cook,2017-01-15

Visionary of the Word brings together the latest scholarship on Herman Melville s treatment of religion across his long career as a writer of fiction and poetry The volume suggests the broad range of Melville s religious concerns including his engagement with the denominational divisions of American Christianity his dialogue with transatlantic currents in nineteenth century religious thought his consideration of theological and philosophical questions related to the problem of evil and determinism versus free will and his representation of the global contact among differing faiths and cultures These essays constitute a capacious response to the many avenues through which Melville interacted with religious faith doubt and secularization throughout his career advancing our understanding of Melville as a visionary interpreter of religious experience who remains resonant in our own religiously complex era
