New Forms Of Consumption Consumers Culture And Commodification

Lydia Martens

New Forms Of Consumption Consumers Culture And Commodification:

New Forms of Consumption Mark Gottdiener, 2000-11-01 Consumption as a field of cultural studies overlaps with theories of postmodernism the social construction of self commodification in late capitalism and the role of mass media in daily life New forms of consumption such as those facilitated by cyberspace themed environments the commodification of sex and the increasing role of leisure in society all play new and interesting roles in daily life that combine consumerism with the most contemporary social forms This collection of essays examines the recent ways in which consumerism has been approached by cultural studies with special emphasis given to these and other newly emerging topics The book is divided into three parts The first part provides a theoretical overview of consumption studies dealing with classical and more contemporary approaches in light of the debate between advocates and critics of postmodernism In this section there are papers on McDonaldization tourism and cultural studies and the Theory of Shopping The second part emphasizes empirical studies of the commodification process Papers address the transformation of women's bodies and the mass commodification of milk the creation of the toddler as a subject and the commodification of childhood the commodification of sports and the commodification of rock music The third section of the book explores new forms of consumption on a more detailed and concentrated level Papers in this section include the rise of sex tourism as a global industry the commodification of the sacred and the emergence of new consumer spaces in the city An introduction by the editor delineates the advantages of his approach to new forms of consumption based squarely in the emerging issues of cultural studies debates transcending postmodernism and the society of the spectacle *Childhood and Consumer Culture* D. Buckingham, V. Tingstad, 2010-08-11

In recent years children have become an increasingly important consumer market and there is growing concern about the commercialisation of childhood This book sheds light on these debates offering new empirical data and challenging critical perspectives on children's engagement with consumer culture from a wide range of international settings *The Globetrotting Shopaholic* Annessa Ann Babic, Tanfer Emin Tunc, 2009-10-02 The thrust of the literature on consumer space and society focuses on product labeling marketing techniques and approaches to branding as well as how mass consumer culture has reshaped individuals interaction with needs and desires *Globetrotting Shopaholics* departs from this current discourse by examining both consumption venues and the cultural political and social reasons why we consume It elucidates international trends in consumption politics and how they impact the creation of consumer spaces which in this book takes the form of numerous global loci including Canada's West Edmonton Mall Japanese theme parks shopping venues in the Philippines and expat boutiques in Budapest Using a wide range of epistemological frameworks including cultural ethnography historical analysis literary theory sociological dissection anthropological examination and philosophical ruminations this collection conveys how material objects and lifestyles are accumulated and represented internationally and how consumer goods and spaces define who we are as human beings *Consumer Culture in Latin America* J.

Sinclair,2012-12-05 How can we understand consumption in a region known for its cultural richness and vast inequalities What do Latin Americans consume and why Examining topics from tango and samba to sex workers in Costa Rica from eating tamales to selling ice in the Andes and from building and moving houses to buying cell phones this collection brings together original research on some of the many forms of consumption and consumers that contribute to Latin American cultures and histories Contributors include sociologists anthropologists media and cultural studies scholars geographers and historians showcasing diverse approaches to understanding Latin American consumption practices and consumer culture **The**

International Politics of Communication Alan Chong,2025-03-18 In an era of globalization international communication constantly takes place across borders defying sovereign control as it influences opinion While diplomacy between states is the visible face of international relations this informal diplomacy is usually less visible but no less powerful Information politics can be found in propaganda Internet politics educational exchanges tourism and even popular film The International Politics of Communication examines this informational dimension of international politics investigating how information is generated conveyed through channels and directed specifically at audiences While citizens are often portrayed as faithfully loyal supporters and beneficiaries of the modern nation state a fiction supported by passports identification papers and other notarized credentials they are subject to the pulls of loyalty from transnational tribal affiliations mythological and historical narratives of ethnicity as well as the transcendental claims of religion and philosophy Increasingly social media also enchants non state individuals providing new virtual communities as the center of loyalties rather than national affiliations By reinterpreting taken for granted concepts in journalism media political economy nationalism development and propaganda as information politics this book prepares serious minded scholars citizens politicians and social activists everywhere to understand the power plays in international communication and use alternatives to begin transforming power relations

Childhood and Markets Lydia Martens,2018-07-13 This book explores how young children and new families are located in the consumer world of affluent societies The author assesses the way in which the value of infants and monetary value in markets are realized together and examines how the meanings of childhood are enacted in the practices narratives and materialities of contemporary markets These meanings formulate what is important in the care of young children creating moralities that impact not only on new parents but also circumscribe the possibilities for monetary value creation Three main understandings of early childhood those of love protection and purification and their interrelationships are covered and illustrated with examples including food feeding tools nappies travel systems and toys The book concludes by re examining the relationship between adulthood and the cultural value of young children and by discussing the implications of the ways markets address young children also examines the realities of older children in consumer culture Childhood and Markets will be of interest to students and scholars of sociology childhood studies anthropology cultural studies media studies business studies and marketing Beyond Exoticism Timothy D. Taylor,2007-03-05 Study of how systems of power and domination

have shaped representations of otherness in music Gods and Rollercoasters Crispin Paine, 2019-01-10 This worldwide study examines how religion gets into theme parks as mission as an aspect of culture as fable and by chance Gods and Rollercoasters analyses religion in theme parks looking at how it relates to modernism popular culture right wing politics nationalism and the rise of the global middle class Crispin Paine argues that religion has discovered a major new means of expression through theme parks From the reconstruction of Biblical Jerusalem at the Holy Land Experience in Orlando through the world of Chinese mythology at Haw Par Villa in Singapore to the great temple theme park Akshardham in New Delhi this book shows how people are encountering and experiencing religion in the context of fun thrills and leisure time Drawing on examples from six of the seven continents and exploring religious traditions including Christianity Daoism Buddhism Hinduism and Islam Gods and Rollercoasters provides a significant contribution to the study of religion sociology anthropology and popular culture *Museum Marketization* Karin M. Ekström, 2019-12-06 This wide ranging book explores the impact of marketization on the creative industries With critical perspectives from a variety of disciplines and global experts numerous examples from international cultural institutions are employed to illuminate the topic Culture and business have become increasingly intertwined and cultural institutions need to be aware of their place in the market Commercial awareness which was previously disparaged is now seen as a legitimate and necessary response to increased competition enhancing experience increasing accessibility broadening inclusivity and sustainable futures with diminishing funding The contributions to this book highlight that marketing public relations sponsorship and fundraising have become integral to the survival of many museums galleries and events Of interest to students and scholars across topics such as arts marketing arts administration heritage marketing and museum studies the book is also insightful for reflective practitioners in the creative sector The Theming Of America, Second Edition Mark Gottdiener, 2020-01-08 This book an analysis of American society explores the nature of social change since the 1960s as reflected in the theming of America from Graceland to Dollywood from Las Vegas to Disneyworld from the Mall of America to local mall
