New Horizons For Democracy:

The Democratic Horizon Alessandro Ferrara, 2014-03-24 Alessandro Ferrara explains what he terms the democratic horizon and reviews the challenges under which democracies must operate

Democracy at the Crossroads Cameron White, Roger Openshaw, 2007-01-01 In *Democracy at the Crossroads* the editors argue that there have been too few scholarly attempts to provide a comprehensive critique of the assumptions behind citizenship education. In particular they ask the distinguished contributors to this volume to address difficult but essential questions that are often avoided or intentionally overlooked. What do all embracing terms like global citizenship really mean? What does democracy mean internationally? A timely work. *Democracy at the Crossroads* provides a necessary examination and re-interpretation of international perspectives on democracy and global citizenship as they apply to social education

Democratizing Democracy Boaventura De Sousa Santos, 2007-08-17 The major conflicts between the Global North and the South can be expected to result from the confrontation of alternative conceptions of democracy mainly between liberal or representative democracy and participatory democracy. The hegemonic model of democracy while prevailing on a global scale guarantees no more than low intensity democracy. In recent times participatory democracy has exhibited a new dynamic engaging mainly subaltern communities and social groups that fight against social exclusion and the suppression of citizenship. In this collection of reports from the Global South India, South Africa, Mozambique, Colombia and Brazil, De Sousa Santos and his colleagues show how in some cases the deepening of democracy results from the development of dual forms of participatory and representative democracy and points to the emergence of transnational networks of participatory democracy initiatives. Such networks pave one of the ways to the reinvention of social emancipation. This is volume 1 of the Reinventing Social Emancipation project edited by Boaventura de Sousa Santos

Exploring individual countries as well as regional dynamics, this volume comprises a tightly organized, comprehensive and thoroughly up-to-date exploration of a foundational issue in European political and intellectual history

Abortion and Democracy Barbara Sutton, Nayla Luz Vacarezza, 2021-08-05 *Abortion and Democracy* offers critical analyses of abortion politics in Latin America's Southern Cone with lessons and insights of wider significance. Drawing on the
