Their Fears On Pregnancy Pregnancy And Childbirth More than 76 Pages Of Valuable Information About Everything You Want To Know About Pregnancy **Pregnancy and Birth** Claire Williams, 2024-08-30

Pregnancy is a period of time that institutes great change in the lives of those who are pregnant. Regardless of whether a pregnancy concludes with the birth of a live child or not, there are experiences that are common for many people who are pregnant. Yet as a site of theological reflection, pregnancy is underrepresented. This landmark book seeks to begin the conversation within theology about pregnancy, the positive and negative experiences, and the potential for pregnancy to be understood theologically. Chapters consider a number of avenues in this exploration: from early pregnancy loss to trauma in labour, from adoption to the end of reproductive years at the onset of menopause. Throughout this book, it seeks to understand the resources that theology brings to the experiences of pregnancy as well as the situations of oppression and underrepresentation that currently exist. Allowing for intersections of race, parenting, childlessness, and disability, this book approaches pregnancy from different theological perspectives in order to complexify the theological response and engagement as well as produce constructive resources for both the academy and the church. Contributors include Chine McDonald, Julie Gittoes, Margaret Kamitsuka, and Rachel Muers.

AYURVEDIC GARBHA SANSKAR Dr. Shri Balaji Tambe, 2020-05-09 Originally written in Marathi, *Ayurveda Garbha Sanskar* is a book that serves as a guide to a couple who are looking to start a family, starting out by getting pregnant, giving birth to a healthy child, and nurturing the little one. The book comprehensively provides people everything that a person wants to know about conceiving, pregnancy, and delivery, to nurturing the little one for up to 2 years of age. Not simply a book laden with known lectures, rather, this book can be seen as an elaboration of various ancient Ayurvedic practices that leads to the complete well-being of the mother and child's physical, spiritual, and psychological health. It also advises on the traditional herb mixes, yoga, music, and mantras that the new mothers or the mothers-to-be may find helpful. Besides this, the book also charts a nutritious Ayurvedic diet plan for the couples to detoxify their bodies and be healthy in the right sense of the term. Once a mother conceives, she must be able to nourish and condition the little one in her womb. Likewise, this book also provides a month-by-month nutrition plan that helps in proper nourishment of the baby. Yoga and full-body herbal oil massages during pregnancy are also recommended for the mothers-to-be, along with a list of health tonics prescribed in this book. In order to reach out to more people worldwide, this book has been translated into English and is available in hardcover.
