Applied Psychology for Nurses Large print by Mary F Porter This little book is the outgrowth of a conviction strengthened by some years of experience with hundreds of supposedly normal young people in schools and colleges confirmed by my years of training in a neurological hospital and months of work in a big city general hospital that it is of little value to help some people back to physical health if they are to carry with them through a prolonged life the miseries of a sick attitude As nurses I believe it is our privilege and our duty to work for health of body and health of mind as inseparable Experience has proved that too often the physically ill patient hitherto nervously well returns from hospital care addicted to the illness accepting attitude for which the nurse must be held responsible We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience Nurse in Doubt Sheila Ridley, 1963
