embarrassing to some the book attempts as much humor as possible The chapter titles are creative and there is just the right mix of playfulness mixed in with a topic that is more serious than some tend to realize Overall after a reader has finished this book they should have an understanding of how things we eat and drink get from plates and cups all the way to the toilet We should also understand that what shows up in the toilet after using the restroom can tell all lot about one s health Lastly they will also understand how the toilet and using the rest room is related to weight loss cancer and high cholesterol The Toilet Book s sole purpose is to remove the embarrassment behind discussing words like bowel movement defecation feces poop pee urination 1 and 2 while educating in a fun way at the same time I hope readers will gain insight on their current health behavior and make changes if needed to improve their overall health Keywords Health Nutrition Wellness Fitness Bowel Movement Urination Toilet Weight Loss Food
