Polaroid Stories Actor Script Edition:

Experiencing Stanislavsky Today Stephanie Daventry French, Philip G. Bennett, 2016-02-11 This pioneering introduction to Stanislavsky's methods and modes of actor training covers all of the essential elements of his System: Recreating truthful behaviour in the artificial environment, awareness and observation, psychophysical work, given circumstances, visualization and imagination, and active analysis are all introduced and explored. Each section of the book is accompanied by individual and group exercises forming a full course of study in the foundations of modern acting. A glossary explains the key terms and concepts that are central to Stanislavsky's thinking at a glance. The book's companion website is full of downloadable worksheets and resources for teachers and students. *Experiencing Stanislavsky Today* is enhanced by contemporary findings in psychology, neuroscience, anatomy and physiology that illuminate the human processes important to actors, such as voice and speech, creativity, mind-body connection, the process and the production of emotions on cue. It is the definitive first step for anyone encountering Stanislavsky's work, from acting students exploring his methods for the first time to directors looking for effective rehearsal tools and teachers mapping out degree classes. [Digital Costume Design and Collaboration](#) Rafael Jaen, 2017-06-26 *Digital Costume Design and Collaboration* gives in-depth instruction on how to draw, render and fully design costumes using online tools and software. Grounded in the use of Photoshop, the book explains the process of building a costume design from scratch, including information on digital tools and painting techniques. The book demonstrates how to utilize social media such as Flickr and Pinterest to compile research, how to create user-friendly web-based slide shows and how to archive digital files for portfolios and personal websites. It also demonstrates how to organize spec sheets, plots and inventories using Google Docs for easy editing and Dropbox for easy file sharing. A companion YouTube channel featuring video tutorials of exercises and applications complements the book. [American Theatre](#), 1998 *31 Days of Terror (2021)* Steve Hutchison, 2023-02-22 This book includes a total of 35 lists sorted by themes as well as several bonus lists. Each list contains 31 recommended horror movies for each day of October. The closer you get to Halloween, the better the horror gets. Roll a six-sided die twice during each day of October. Next, refer to the table of contents to find which list your result matches. Go to that list. Find and watch the movie that corresponds to today's date. These horror personalities came up with their 31 favorite horror movies and ranked them.
