Rauschenbusch The Formative Years:

Rauschenbusch, the Formative Years Klaus Juergen Jaehn, 1976 *Rauschenbusch* Klaus Jürgen Jaehn, 1976 *Baptist Theology* James Leo Garrett, 2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal *Baptist Identities* Ian M. Randall, Toivo Pili, Anthony R. Cross, 2006-08-01 The authors of the papers published here come from a dozen different countries and represent different expressions of Baptist life The papers were delivered at the third International Conference on Baptist Studies held at the International Baptist Theological Seminary in Prague in July 2003 with the theme Baptist Identities Those who gave presentations explored what factors have contributed to the nature of Baptist distinctiveness in different countries and at different times In some cases the authors have written about their own contexts using specific case studies that relate to particular periods whereas in other cases they range more widely covering several countries and or longer periods of time Topics examined in this volume include theological education women in leadership issues of ethnicity Baptist identity and national consciousness and creeds The regional scope of the Baptist stories that are analyzed includes Africa Asia Australia Eastern and Western Europe and North America At a time when there is considerable discussion throughout the world Baptist community about the nature of Baptist identity this collection of papers by significant historians of Baptist life is an important contribution Walter Rauschenbusch and His Contribution to Social Christianity Anna M. Singer, 1926 *Twentieth-century Shapers of Baptist Social Ethics* Larry L. McSwain, William Loyd Allen, 2008 *Twentieth Century Shapers of Baptist Social Ethics* provides an overview of the major historical framework within which Baptists emerged with significant contributions to Christian social thought and action in the twentieth century This

book provides a summary of the life principal ideas writings and most significant contributions of nineteen Baptists since 1900 *The Search for Social Salvation* Gary Scott Smith, 2000-01-01 In their studies of social Christianity scholars of American religion have devoted critical attention to a group of theologically liberal pastors primarily in the Northeast Gary Scott Smith attempts to paint a more complete picture of the movement Smith's ambitious and thorough study amply demonstrates how social Christianity which included blacks women Southerners and Westerners worked to solve industrial political and urban problems reduce racial discrimination increase the status of women curb drunkenness and prostitution strengthen the family upgrade public schools and raise the quality of public health In his analysis of the available scholarship and case studies of individuals organizations and campaigns central to the movement Smith makes a convincing case that social Christianity was the most widespread long lasting and influential religious social reform movement in American history

The Making of a Battle Royal Jeffrey Paul Straub, 2018-04-17 American Baptists emerged from the Civil War as a divided group Slavery landmarkism and other issues sundered Baptists into regional clusters who held more or less to the same larger doctrinal sentiments As the century progressed influences from Europe further altered the landscape A new way to view the Bible more human less divine began to shape Baptist thought Moreover Darwinian evolutionism altered the way religion was studied Religion like humanity itself was progressing Conservative Baptists proto fundamentalists objected to these alterations Baptist bodies had a new enemy theological liberalism The schools were at the center of the story in the earliest days as professors many of whom studied abroad returned to the United States with progressive ideas that were passed on to their students Soon these ideas were being presented at denominational gatherings or published in denomination papers and books Baptists agitated over the new views with some professors losing their jobs when they strayed too far from historic Baptists commitments By 1920 the Northern Baptists in particular broke out into an all out war over theology that came to be called The Fundamentalist Modernist controversy This is the fifty year history behind that controversy

Shailer Mathews's Lives of Jesus William D. Lindsey, 1997-01-01 Reappraises the work of Shailer Mathews a leading but long neglected theologian of the social gospel movement whose work prefigures contemporary liberation theologies

Meanings for Manhood Mark C. Carnes, Clyde Griffen, 1990-11-06 The stereotype of the Victorian man as a flinty sexually repressed patriarch belies the remarkably wide variety of male behaviors and conceptions of manhood during the mid to late nineteenth century A complex pattern of alternative and even competing behaviors and attitudes emerges in this important collection of essays that points toward a gendered history of men

Shaping Public Theology Max L. Stackhouse, 2014-01-30 Max L. Stackhouse is one of the most prolific and influential American theologians of the last half century and he has been widely recognized for his contributions to the emerging field of public theology This volume compiles some of Stackhouse's most significant shorter writings These selections make clear his central role in the development of public theology as a distinct disciplinary perspective in the fields of Christian theology and theological ethics

Shaping Public Theology serves as an introduction to Stackhouse's extensive corpus; readers will see the depth and breadth of his comprehensive public theology while also gaining insight into his singular importance for the field.

Gender and the Social Gospel Wendy J. Deichmann Edwards, Carolyn De Swarte Gifford, 2003 This collection of essays examines the central yet often overlooked role played by women in the formation of the social gospel movement in the late nineteenth and early twentieth centuries. A practical theological response to the stark realities of poverty and injustice prevalent in turn-of-the-century America, the social gospel movement sought to apply the teachings of Jesus and the message of Christian salvation to society by striving to improve the lives of the impoverished and the disenfranchised. The contributors to this volume set out to broaden our understanding of this radical movement by examining the lives of some of its passionate and vibrant female participants and the ways in which their involvement expanded and enriched the scope of its activity. In addition to examining the lives of individual women, the essays in *Gender and the Social Gospel* contain broader analyses of the gender and racial issues that have caused the histories of movements such as the social gospel to be viewed almost exclusively in terms of their male European American intellectual participants at the expense of the women African Americans and Canadians whose contributions were just as worthy of attention.

Essays on Socialism Louis Patsouras, Jack Ray Thomas, 1992 This is an anthology not only on representative figures of the major socialist streams but also on various problems of socialism. It includes sections on anarchism, Marxism, Communism, and democratic Socialism.

Origins of Walter Rauschenbusch's Social Ethics Donovan E. Smucker, 1994 Rauschenbusch (1861-1918) is known as the father of the Social Concern movement in America. Traditionally, the source of his social ethic has been seen to lie in the single motif of liberalism. Smucker, social science emeritus, U of Waterloo, provides a new perspective, arguing that Rauschenbusch's social ethic was based on not one but four complementary influences: pietism, sectarianism, liberalism, and transformationism. A Free Church, a Holy Nation John Bolt, 2001 In addition to considering such key issues as poverty, wealth, and power, theocracy and pluralism, civil religion, the culture wars, and political cooperation between evangelicals and Roman Catholics, Bolt also draws extended comparisons between Kuyper's views and the thought of Alexis de Tocqueville, Lord John Acton, Pope Leo XIII, Walter Rauschenbusch, and Jonathan Edwards. A distinctive feature of this study is its focus on the rhetorical, poetic character of Kuyper's public theology and practice as a political leader. Bolt shows how focusing on Kuyper's rhetorical and mythopoetic perspective rather than on his theological and philosophical ideas provides contemporary evangelicals with a more credible and effective theology for the public square. The Social Uplifters Brian J. Fraser, 2006-01-01 The *Social Uplifters* examines the Social Gospel among Canadian Presbyterians prior to the First World War. The book explores the theology, social context, and the strategies of the leaders of the Presbyterian Board of Evangelism and Social Service. C. W. Gordon, James A. Macdonald, Robert Falconer, T. B.
