Rediscovering Palestine Beshara Doumani, 1995-10-12 Drawing on previously unused primary sources this book paints an intimate and vivid portrait of Palestinian society on the eve of modernity Through the voices of merchants peasants and Ottoman officials Beshara Doumani offers a major revision of standard interpretations of Ottoman history by investigating the ways in which urban rural dynamics in a provincial setting appropriated and gave meaning to the larger forces of Ottoman rule and European economic expansion He traces the relationship between culture politics and economic change by looking at how merchant families constructed trade networks and cultivated political power and by showing how peasants defined their identity and formulated their notions of justice and political authority Original and accessible this study challenges nationalist constructions of history and provides a context for understanding the Palestinian Israeli conflict It is also the first comprehensive work on the Nablus region Palestine's trade manufacturing and agricultural heartland and a bastion of local autonomy Doumani rediscovers Palestine by writing the inhabitants of this ancient land into history Rediscovering Irregular Warfare A. R. B. Linderman, 2016-02-29 Britain's Special Operations Executive SOE which conducted sabotage campaigns and supported resistance movements in Axis occupied Europe and in Asia is often described as Winston Churchill's brainchild But as A R B Linderman reveals in this engrossing history the real genius behind Britain's clandestine warriors

was Colin Gubbins a British officer who forged the SOE by drawing on lessons learned in irregular conflicts around the world Following Gubbins through operations he studied and participated in Linderman maps the evolution of the SOE from its origins to its doctrine to its becoming a critical institution Part biography part intellectual and organizational history Rediscovering Irregular Warfare is the first book to explore the origins of a substantial force in the Allies victory in World War II Although popular history holds that Britain entered World War II with no prior knowledge of or experience with underground warfare Rediscovering Irregular Warfare tells us otherwise Linderman finds ample precedent in the clearly documented work of Gubbins and his fellow clandestine organizers He traces Gubbins s career from 1914 through World War I and such irregular conflicts as the Allied intervention in Russia the Irish Revolution and conflicts in British India To these firsthand experiences Gubbins added the insights of colleagues who had served with him and in Iraq as well as what he learned from the Second Anglo Boer War the Arab Revolt led by T E Lawrence the German guerrilla war in East Africa the revolt in Palestine between the world wars the Spanish Civil War and the Second Sino Japanese War The two booklets that Gubbins wrote based on his accumulated knowledge offered the first synthesis of British unconventional warfare doctrine practical guides that emphasized the centrality of local populations the collection protection and use of intelligence the necessity of cooperating with conventional forces and the use of speed surprise and escape in ambush operations In 1940 when Gubbins joined the newly created SOE the experience and know how codified in his guides formed the basis of Britain s approach to irregular warfare The history of the SOE s doctrinal origins is Colin Gubbins s story By telling that story Rediscovering Irregular Warfare amplifies and clarifies our understanding of the Second World War and of doctrines of unconventional warfare in the twentieth century

The Materials of Exchange between Britain and North East America, 1750-1900 Daniel Maudlin, Robin Peel, 2016-03-03 Taking a multidisciplinary approach to the complex cultural exchanges that took place between Britain and America from 1750 to 1900 The Materials of Exchange examines material visual and print culture alongside literature within a transatlantic context The contributors trace the evolution of Anglo American culture from its origins as a product of the British North Atlantic Empire through to its persistence in the post Independence world of the nineteenth and early twentieth centuries While transatlanticism is a well established field in history and literary studies this volume recognizes the wider diversity and interactions of transatlantic cultural production across material and visual cultures as well as literature As such while encompassing a range of fields and approaches within the humanities the ten chapters are all concerned with understanding and interpreting the same Anglo American culture within the same social contexts The chapters integrate the literary with the material offering alternative and provocative perspectives on topics ranging from the child made book to representations of domestic slaves in literature by way of history painting travel writing architecture and political plays By focusing on cultural exchanges between Britain and the north eastern maritime United States over nearly two centuries the collection offers an in depth study of Britain s relationship with

a single region of North America over an extended historic period Contributors have resisted the temptation to prioritize the relationship between New England and England in particular by placing this association within the contexts of Atlantic exchanges with other northeastern states as well as with the South the Caribbean and Scotland Intended for researchers in literature visual and material culture this collection challenges single subject boundaries by redefining transatlantic studies as the collective examination of the complex and interrelated cultural t Rediscovering Republicanism John Nantz,2021-10-19 When well designed institutions function properly people thrive Few institutions have been more ingeniously designed than the U S federal government via the Constitution in 1787 This auspicious beginning more than two centuries ago helps explain why the U S remains a magnet for opportunity seekers students entrepreneurs dissidents and persecuted believers Yet for decades now America s federal government has been underperforming Social Security and Medicare face looming insolvency The federal government s war on poverty has failed to end poverty and arguably made it worse In 2012 the United States Postal Service lost more money than the nation spent on the State Department and Amtrak has lost money every year since being created in 1971 How can an enduring institution so thoughtfully crafted now produce such poor results The federal government has grown so much because it serves a new and different vision American Progressivism American Progressives believed that democratically elected public minded federal politicians and employees could use federal programs to solve the nation s greatest problems in a way no other American institution could This idea justified the federal government s massive expansion today the federal government runs over 1 500 programs and employs over 5% of the U S workforce Yet federal results do not match Progressive expectations Three key problems windfall politics the government surcharge and complexity failure overlooked by American Progressives explain the federal government s consistent failures American Progressive s rosy eyed view of human nature and political institutions have not been borne out by the evidence In an era of substantial political fermentation and debate rediscovering and re applying American Republicanism represents the best path forward for the United States The federal government should retain many necessary responsibilities but turn over those where it has failed for social welfare federally provided services and retirement savings among others to the country s state governments civil society and individual citizens respectively *The Dutch Rediscover the Dutch-Africans (1847-1900)* Andrew Burnett,2022-07-25 Were the Dutch Africans in southern Africa a brother nation to the Dutch or did they simply represent a lost colony Connecting primary sources in Dutch and Afrikaans this work tells the story of the Dutch stamverwantschap kinship movement between 1847 and 1900 The white Dutch Africans were imagined to be the bridgehead to a broader Dutch identity a second Netherlands in the south This study explores how the 19th century Dutch identified with and idealised a pastoral community operating within a racially segregated society on the edge of European civilisation When the stamverwantschap dream collided with British military and economic power the belief that race language and religion could sustain a broader Dutch identity proved to be an illusion Teaching and Learning the

Difficult Past Magdalena H. Gross, Luke Terra, 2018-12-07 Building upon the theoretical foundations for the teaching and learning of difficult histories in social studies classrooms this edited collection offers diverse perspectives on school practices curriculum development and experiences of teaching about traumatic events Considering the relationship between memory history and education this volume advances the discussion of classroom based practices for teaching and learning difficult histories and investigates the role that history education plays in creating and sustaining national and collective identities

Rediscovering Corbett Donald Mackinnon, 2022-11-15 This book explores the value of Corbett's seminal work *Some Principles of Maritime Strategy* over time in a changing context and with evolving technology It has been over a century since Sir Julian Corbett published *Some Principles of Maritime Strategy* 1911 yet it is still regarded as a foundational text on maritime strategy But the character of sea power is constantly evolving so the continued relevance of this work must be regularly examined Too often the debate is polarised between a focus on either Corbett's historical relevance to the early 20th century Royal Navy or his relevance to strategy today There is little attempt to bridge the gap and analyse *Some Principles* over time changing circumstances or differing national situations This book bridges that gap offering a practitioner's viewpoint to put the work to a practical test across the past century of conflict and the evolution of thought and technology It explores Corbett's original intent his core ideas the errors or omissions in his analysis and method and where his ideas have been or still can be extrapolated and aims to determine the extent to which *Some Principles* continues to merit its status as an enduring classic of strategy The book concludes that despite never being originally intended as a general text *Some Principles* nevertheless holds up surprisingly well in terms of both universal application and enduring relevance over time and changed circumstances This book will be of much interest to students of maritime strategy naval history and International Relations as well as naval practitioners

Rediscovering , **In Search of Pre-Classical Antiquity: Rediscovering Ancient Peoples in Mediterranean Europe (19th and 20th c.)** , 2016-11-28 The book aims rethinking the cultural history of Mediterranean nationalisms between 19th and 20th centuries by tracing their specific approach to antiquity in the forging of a national past By focusing on how national imaginaries dealt with this topic and how history and archaeology relied on antiquity this collection of essays introduces a comparative approach presenting several cases studies concerning many regions including Spain Italy and Slovenia as well as Albania Greece and Turkey By adopting the perspective of a dialogue among all these Mediterranean political cultures this book breaks significantly new ground because it shifts attention on how Southern Europe nationalisms are an interconnected political and cultural experience directly related to the intellectual examples of Northern Europe but also developing its own particular trends Contributors are i dem Atakuman Filippo Carl Francisco Garcia Alonso Maja Gori Eleni Stefanou Rok Stergar Katia Visconti

Understanding History Teaching Chris Husbands, Alison Kitson, Anna

Pendry,2003-09-16 Understanding History Teaching is an enjoyable read with a logical and flowing structure It lives up to its goal of appealing to both academic and professional readers with both academic depth and real insights and opportunities for the professional teacher to draw from It presents its data and interpretations in a manner which does not avoid the issues revealed within the research but has an uplifting effect on the reader and leaves them feeling optimistic about the quality of History teaching in UK secondary schools Robert Wyness Student De Montfort University Leicester UK Why do we teach and learn about the past How is history taught in schools What are the influences on the way teachers teach and pupils learn about the past History is one of the most ideologically disputed of school subjects Over the past generation the subject has experienced fundamental changes in content pedagogy and approach This book is the first detailed account of the way history is taught in schools to be published for 30 years Drawing on fieldwork in comprehensive schools and on research studies worldwide the authors pose fundamental questions about the way teachers teach and learners learn They consider its purposes on teaching about the past in a world of accelerating change The book sets out to explore the realities of classroom history teaching and to offer pointers for the development on the subject in a new century **Book Review Index** ,2006

Every 3rd issue is a quarterly cumulation **Religion and Women in Britain, c. 1660-1760** Sarah Apetrei,2016-04-08 The essays contained in this volume examine the particular religious experiences of women within a remarkably vibrant and formative era in British religious history Scholars from the disciplines of history literary studies and theology assess women s contributions to renewal change and reform and consider the ways in which women negotiated institutional and intellectual boundaries The focus on women s various religious roles and responses helps us to understand better a world of religious commitment which was not separate from but also not exclusively shaped by the political intellectual and ecclesiastical disputes of a clerical elite As well as deepening our understanding of both popular and elite religious cultures in this period and the links between them the volume re focuses scholarly approaches to the history of gender and especially the history of feminism by setting the British writers often characterised as early feminists firmly in their theological and spiritual traditions **Rediscovering Lost Landscapes** Pietro Piana,Charles Watkins,Ross Balzaretti,2021 Analysis of hundreds of art works from the period provides insights into forgotten landscapes and hidden geographies After the Napoleonic wars many wealthy British women and men settled along the coast in Liguria and travelled in Piedmont and Valle d Aosta in search of warmth and health They established English speaking colonies of retired clerics colonial officials aristocrats and industrialists at places such as Alassio Bordighera Sanremo and Portofino Many were keen artists This book assesses hundreds of topographical drawings paintings and photographs of north west Italy produced by these British visitors and residents in the nineteenth and early twentieth century Through the identification and analysis of these works scattered today in private and public collections in Italy and Britain it provides insights into the way Italian landscapes were understood and appreciated Considered in conjunction with historical photography maps archives and fieldwork they deepen

our knowledge of past land management traditions and recover how the contemporary landscape looked The artists are placed in their intellectual and geographical contexts and interconnections between British and Italian artists and between topographical art and photography are explored Different chapters assess the main subjects depicted including mountains seascapes rivers agriculture trees and woodland castles churches villages industries and landscapes of luxury **Faith, Fraternity and Fighting** Donald M. MacRaild, 2005-01-01 This book fills one of the most significant gaps in modern British historiography Despite its public profile the Orange Order has not attracted commensurate scholarly attention Uncritical apologists apart historians have displayed condescending censure stigmatising and dismissing the Order as sectarian a term unduly restricted in their studies to violence and demonstrations Having gained unique access to lodge membership records MacRaild provides a timely corrective MacRaild makes excellent use of archive material to provide a fascinating study of diasporic Orangeism showing how it was imported into mainland Britain and implanted within working class communities as a way of life able to attract adherents with no obvious Irish provenance or connection the Toxteth lodge in North West England has a not insignificant black presence Impeccably researched and expertly written Faith Fraternity and Fighting is a major achievement and an important step in rescuing Orangeism from the stigma of sectarianism **The Rise of the Global South** Elijah Jong Fil Kim, 2012-04-06 Global Christianity has been experiencing an unprecedented historical transition from the West to the non Western world The leadership of global Christianity has taken on a new face since the twentieth century Christendom in Europe and America has experienced a great decline while there has been a rise in Majority World Christianity Churches in the Global South have given their voices to global Christianity through their leadership world mission movements and theology The phenomenal church growth has risen from the Pentecostal and Charismatic movement Pentecostalism has become the dominant force in global Christianity today The Rise of the Global South examines the significance this shift has had on global Christianity by going through the history of Christianity in the West and the causes of the shift Exploring Criminal Justice Robert M. Regoli, John D. Hewitt, 2007-12-28 Hailed as the most engaging and accessible introductory text available Exploring Criminal Justice provides a clear complete and credible introduction to the U S criminal justice system Using an easy to follow attention grabbing writing style this text explains the overarching processes and purposes of the criminal justice system The functions of each component police courts corrections and the relationships between them are described in detail while rich and captivating pedagogy encourages students to think about how each component affects their daily lives This thoroughly up to date text provides contemporary data case studies and references for all topics Exploring Criminal Justice devotes an entire chapter to the emerging crimes of terrorism and cybercrime and the role these controversial topics play in the modern criminal justice system Special attention is also given to juvenile offenders and issues relating to women and minorities In addition this text provides thorough integration of criminological theory and policy as it presents both historical context and current features of the U S criminal justice system

Dury and Andrews' Map of Hertfordshire Andrew Macnair, Anne Rowe, Tom Williamson, 2015-11-30 This book is about the map of an English county Hertfordshire which was published in 1766 by two London mapmakers Andrew Dury and John Andrews For well over two centuries from the time of Elizabeth I to the late 18th century the county was the basic unit for mapping in Britain and the period witnessed several episodes of comprehensive map making The map which forms the subject of this book followed on from a large number of previous maps of the county but was greatly superior to them in terms of quality and detail It was published in a variety of forms in nine sheets with an additional index map over a period of 60 years No other maps of Hertfordshire were produced during the rest of the century but the Board of Ordnance later the Ordnance Survey established in the 1790s began to survey the Hertfordshire area in 1799 publishing the first maps covering the county between 1805 and 1834 The OS came to dominate map making in Britain but of all the maps of Hertfordshire that produced by Dury and Andrews was the first to be surveyed at a sufficiently large scale to really allow those dwelling in the county to visualize their own parish local topography and even their own house and its place in the wider landscape The first section examines the context of the map's production and its place in cartographic history and describes the creation of a new digital version of the map which can be accessed online The second part describes various ways in which this electronic version can be interrogated in order to throw important new light on Hertfordshire's landscape and society both in the middle decades of the eighteenth century when it was produced and in more remote periods The attached DVD contains over a dozen maps which have been derived from the digital version and which illustrate many of the issues discussed in the text as well as related material which should likewise be useful to students of landscape history historical geography and local history
