Premodern Rulers and Postmodern Viewers Janice North, Karl C. Alvestad, Elena Woodacre, 2018-02-01 Pop culture portrayals of medieval and early modern monarchs are rife with tension between authenticity and modern mores producing anachronisms such as a feminist Queen Isabel in RTVE's Isabel and a lesbian Queen Christina in The Girl King This book examines these anachronisms as a dialogue between premodern and postmodern ideas about gender and sexuality raising questions of intertemporality the interpretation of history and the dangers of presentism Covering a range of famous and lesser known European monarchs on screen from Elizabeth I to Muhammad XII of Granada this book addresses how the lives of powerful women and men have been mythologized in order to appeal to today's audiences The contributors interrogate exactly what is at stake in these portrayals namely our understanding of premodern rulers the gender and sexual ideologies they navigated and those that we navigate today

A Biographical Encyclopedia of Early Modern Englishwomen Carole Levin, Anna Riehl Bertolet, Jo Eldridge Carney, 2016-11-03 From the exemplary to the notorious to the obscure this comprehensive and innovative encyclopedia showcases the worthy women of early modern England Poets princesses or pirates the women of power and agency found in these pages are indeed worth knowing and this volume will introduce many female figures to even the most established scholars in early modern studies Rather than using the conventional alphabetical format of the standard biographical encyclopedia this volume is divided into categories of women Since many women will fit in more than one category each woman is placed in the category that best exemplifies her life and is cross referenced in other appropriate sections This

structure makes the book an interesting read for seasoned scholars of early modern women while students need not already be familiar with these subjects in order to benefit from the text Another unusual feature of this reference work is that each entry begins with some incident from the woman's life that is particularly exciting or significant Some entries are very brief while others are extensive Each includes a source listing The book is well illustrated and liberally sprinkled with quotations of the time either by or about the women in the text The Mysterious Mistress Margaret Crosland, 2011-09-16 Jane Shore often gets just a byline in history We know her name and that she was the mistress of a king But who was this woman captured for the stage by Shakespeare in *Richard III* fictionalised by Jean Plaidy and others Where did she come from And how was it that having been mistress to the most powerful man in the land she ended her years in prison and poverty Jane Shore was born into a family of merchants and was married early to William Shore Having already attempted to get her marriage annulled citing William's impotence once she became involved with Edward IV it was inevitable that her marriage was dissolved She is said to have been a benign influence where men were out of favour she would bring them in his grace wrote Thomas More even intervening to save Eton College and King's College from destruction When the king died her position became very vulnerable Sorcery treason penance imprisonment poverty escape and execution were key elements in the rest of Jane's life Margaret Crosland draws on literary historical and artistic sources to explore Jane's life both before and after Edward's demise
