**Reaching for the Olive Branch** Milton Viorst, 1989 When UNRWA United Nations Relief and Works Agency for Palestine Refugees was established in 1949 it was not designed as a permanent organization Its founders hoped for an early solution to the problem of the Palestinian refugees but that did not come about This volume updates Viorst s 1984 study No bibliography Acidic paper Paper edition unseen 8 95 Annotation copyrighted by Book News Inc Portland OR

**The Status of Palestinian Refugees in International Law** Alex Takkenberg, 1998 7 Scope of the study

Palestinian Refugees Robert Bowker, 2003 Encompassing history politics and political culture Bowker grapples with fundamental issues of Palestinian identity in the context of the peace process

**Palestinian Refugees** Ghada Hashem Talhami, 2003 The main goal of this book is to record as much of the Palestinian refugees political history as possible The author is becoming increasingly aware of the ebb and flow of general interest in the refugee issue and the strong possibility of subsuming that chapter in the larger Palestinian story As the PLO itself moved further and further away from the refugee constituency it became necessary to examine and define the impact of the refugee issue on the larger Palestinian political picture for indeed as it turned out they were always a tremendous influence on the course of Palestinian and Arab history Although they lost their leadership positions within the PLO as the latter became increasingly elitist and bureaucratic the powerless refugees apparently never lost the means to influence the course of Palestinian history This book relies heavily on early State Department dispatches Israeli Foreign Office correspondence early accounts of the stirrings of a refugee

movement in Jordan and declarations statements and studies of the Badil Research Centre and some right of return groups Also investigated is much of the known literature to emerge from the secretive Oslo negotiations and the reverberations produced by their deliberations throughout the Palestinian diaspora The resilience of the refugee question should never be questioned or declared until one of two things happened either the obliteration or dispersal of concentrated refugee communities became a reality or the Palestinian refugees accepted a resolution of some kind or another The Politics of International Humanitarian Aid Operations Eric A. Belgrad,Nitza Nachmias,1997-06-30 The theories and case studies examined in this volume constitute a thorough study of foreign intervention in civil conflicts for the purpose of rendering humanitarian aid The classical paradigm of the ethics of intervention forbids the violation of territorial sovereignty Public international law and the UN charter also mandate nonintervention within the territorial boundaries of a state Nevertheless in recent years as a result of brutal civil conflicts and their violent and inhumane consequences as in Rwanda Bosnia and Cambodia international aid interventions have become an accepted practice Still international humanitarian aid involves unsettled controversial issues dilemmas concerning donors recipients and international organizations These issues as well as the concepts of sovereignty human rights coercive interventions and peacekeeping are critically evaluated in this volume which will be of interest to scholars and policymakers in international relations human rights and military affairs The Middle East and North Africa 2004 ,2003-10-30 Now in its 50th edition this title continues to provide the most up to date geo political and economic information for this important world area Covers the Middle East and North Africa from Algeria to Yemen Offers quick access to a wide range of data Accurately and impartially records the latest political and economic developments Provides comprehensive data on all major organizations in the region General Survey Introductory essays covering topics relating to the region as a whole including Arab Israeli Relations 1967 2003 The Jerusalem Issue Documents on Palestine The Removal of Saddam Hussain and the Deconstruction of Iraq Natural Gas in the Middle East and North Africa Oil in the Middle East and North Africa and Islamic Banking and Finance Country Surveys Individual chapters on each country containing articles on geography recent history and economy an economic and demographic survey using all the latest available statistics on population agriculture industry finance trade transport tourism and education directory sections with names addresses and contact numbers covering the constitution government legislature judiciary political organizations diplomatic representation religious groups the media finance trade and industry including petroleum and tourism Regional Information Includes all major international organizations active in the region their aims activities publications and principal personnel Research Institutes specializing in the region Bibliographies of books and periodicals covering the Middle East and North Africa **Survey of Arab-Israeli Relations 1947-2001** David Lea,2003-09-02 A definitive survey of one of the highest profile and longest running contemporary international disputes *Survey of Arab-Israeli Relations* Cathy Hartley,Paul Cossali,2004-06-17 Impartial documentation and background information fundamental to the understanding of

Palestinian Refugees in International Law Francesca Albanese, Lex Takkenberg, 2020 The Palestinian conflict has produced one of the most tragic refugee crises since World War II with the number of refugees caused by the violence associated with the creation of the State of Israel numbering around 11 million in 2011 The much lauded first edition in 1998 of The Status of Palestinian Refugees in International Law was the first book to comprehensively analyse the legal aspects of the Palestinian refugee crisis yet the last two decades have seen multiple developments New waves of conflict and displacement have affected Palestinian refugees in the Middle East and there has been Israeli encroachment on Palestinian territory Hamas has grown and a schism has formed within the first Palestinian government The so called Arab Spring has impacted the life fate and legal status of thousands of Palestinian refugees In international legal jurisprudence change has been similarly rapid In 2004 the International Court of Justice delivered a crucial advisory opinion on the Separation Wall authoritatively elucidating the international legal framework applicable to the Israeli occupation Numerous international human rights bodies and UN fact finding missions have added their analysis to the mix The possibility of the State of Palestine joining the International Criminal Court has spurred discussion relating to the applicability of international criminal law to Palestinian refugees Clear compelling and authoritative Lex Takkenberg and Francesca Albanese discuss the status quo both on the ground and in the courts and pose future scenarios to come

pressures offered by outsiders proved incapable of reversing the serious deterioration of Arab Israeli relations as the region headed for war at Suez The text of each volume comprises both analytical historical chapters and a selection of primary documents from archival sources      A History of the Israeli-Palestinian Conflict Mark Tessler,2009-03-24 Mark Tessler s highly praised comprehensive and balanced history of the Israeli Palestinian conflict from the earliest times to the present updated through the first years of the 21st century provides a constructive framework for understanding recent developments and assessing the prospects for future peace Drawing upon a wide array of documents and on research by Palestinians Israelis and others Tessler assesses the conflict on both the Israelis and the Palestinians terms New chapters in this expanded edition elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel the West Bank and Gaza at a critical time of transition      *Futile Diplomacy, Volume 3* Neil Caplan,2015-05-15 This book first published in 1997 provides a careful and balanced behind the scenes account of the intricate diplomatic activity of the period between the first and second Arab Israeli wars The author examines the recurring deadlocks in terms of the motives and calculations of the various parties and reveals how new incentives of pressures offered by outsiders proved incapable of reversing the serious deterioration of Arab Israeli relations as the region headed for war at Suez The text of this volume comprises both an in depth analysis of the period and events and a selection of primary documents from archival sources      **Futile Diplomacy - A History of Arab-Israeli Negotiations, 1913-56** Neil Caplan,2021-03-04 These four volumes provide a careful and balanced behind the scenes account of the intricate diplomatic activity of the period between 1913 and 1956 Exploiting a range of available archive sources as well as extensive secondary sources they provide an authoritative analysis of the positions and strategies which the principal parties and the would be mediators adopted in the elusive search for a stable peace The text of each volume comprises both analytical historical chapters and a selection of primary documents from archival sources providing an essential reference source for the student of the Arab Israeli conflict and its long history      Israel and the West Bank and Gaza Strip C.
