Assessing and Correcting Reading and Writing Difficulties Thomas G. Gunning, 2002 This text provides numerous examples and thorough coverage of procedures for assessing and instructing struggling readers of all ages In keeping with current theory the text emphasizes prevention and early intervention It is based on the premise that student performance is variable and that assessment and instruction are planned and modified to meet the varied needs and levels of students Gunning does not subscribe to a medical model that emphasizes deficiencies but rather focuses on what students can do This text calls for inclusion not exclusion but recognizes that struggling learners need expert carefully planned assessment and instruction Assessment coverage includes a grounding in basic concepts of tests and measurement While formal standardized measures are described emphasis is placed upon informal but highly regarded techniques such as the informal reading inventory miscue analysis running records observation think alouds holistic scoring of writing and portfolio assessment In addition to chapters devoted specifically to assessment ways to connect assessment and instruction are mentioned throughout the text Coverage of instructional techniques is thorough and practical Nine chapters are devoted to instructional techniques

Developing Verbal Talent Joyce VanTassel-Baska, Dana T. Johnson, Linda Neal Boyce, 1996 This extraordinary new work focuses on developing a language arts curriculum for high ability learners in grades K-8 It brings together some of the most experienced and renowned educational experts who are deeply involved in finding ways to restore excellence in our nation's classrooms The book is in part the outgrowth of the curriculum development project in the language arts funded through the Jacob Javits Act A central theme of the book is the process of talent development It discusses how to recognize gifted children and how to provide opportunities for them to enhance their talents The book describes a curriculum framework for language arts development that emphasizes analytical and interpretive reading skills persuasive writing debate and oral communication evaluative listening reasoning and linguistic competency The curriculum approach is interdisciplinary and it encourages students to use higher level thinking skills to analyze what they read write and say Although the book focuses on high ability learners it also describes how techniques

found effective with gifted learners can be used for all students *The Reading/writing Connection* Carol Booth Olson,2007
This is an especially well researched and documented text the author s voice is one that is knowledgeable yet does not intend to intimidate She speaks to her audience as a dedicated professional to professional I could only hope that my students would read and retain her words of wisdom Anna L Bolling California State University Stanislaus I haven t seen any books that come close to what Carol Olson has developed Harry Noden Kent State University The illustrations and scanned in documents make Booth Olson s book readable interesting relevant and real life These visuals from actual students help transform her ideas from theory into practice Kathy Bussert Webb The University of Texas at Brownsville This is the only secondary text that I have found to explain and provide authentic examples of reading writing workshop process The activities are practical and motivating Hurray for Olson Donna Uebler Bradley University Now in its second edition The Reading Writing Connection features an array of individual reading and writing strategies activities and mini lessons that teachers can implement in their classrooms Well respected author Carol Booth Olson extends far beyond most books intended for teachers of language arts by integrating reading and writing in creative theory based ways Lauded by students and professors as a clear and straightforward text this revised and updated edition includes plenty of material about teaching the writing process and responding to literature and provides examples of lessons that help readers learn specific strategies Unique in its field The Reading Writing Connection provides student models at middle and high school levels in almost every chapter illustrating actual student responses to reading and writing activities The text is also rich with literary selections giving teachers easy access to the literature featured in the activities and demonstration lessons Features New to the Second Edition Extensive coverage of differentiated instruction for English Language Learners A new chapter entitled Introducing Students to the Cognitive Strategies in Their Mental Tool Kits that summarizes and clarifies students use of cognitive strategies in their thinking An extensive and revised companion website that features reading and writing rubrics student models blackline masters of graphic organizers and much more available at www.ablongman.com/olson2e The Psychology of Reading Keith Rayner,Alexander Pollatsek,2013-10-14 The last 20 years have witnessed a revolution in reading research Cognitive psychologists using high speed computers to aid in the collection and analysis of data have developed tools that have begun to answer questions that were previously thought unanswerable These tools allow for a chronometric or moment to moment analysis of the reading process Foremost among them is the use of the record of eye movements to help reveal the underlying perceptual and cognitive processes of reading This volume provides a coherent framework for the research accomplished on the reading process over the past 15 years It emphasizes how readers go about extracting information from the printed page and how they comprehend the text Current Index to Journals in Education ,2001
