Hatcher,2007 In *The Ascent of Society* The Social Imperative in Personal Salvation author John S Hatcher answers questions that have been explored by spiritual seekers for many yearshow does personal spiritual development translate into social experience Is there a social imperative connected with individual spiritual growth Is involvement with others necessary for one to evolve spiritually This penetrating study describes the objective of personal spiritual growth as an ever expanding sense of self that requires social relationships in order to develop Hatcher focuses on the Bah belief that human history is a divinely guided process in which spiritual principles are gradually and progressively expressed in social institutions He demonstrates that the aspirant to spiritual transformation cannot view personal health and development as being possible apart from the progress of human society as a whole **The New Larned History for Ready Reference, Reading and Research**
