Research shows that understanding a text without needing the help of a dictionary requires the reader to understand 95% or more of the vocabulary used in the text. To improve one's language skills, the input reading materials need to be one level above the learner's level. With that in mind, the AL Language Cafe team goes through an extensive process to ensure our stories are properly assigned to the appropriate level. There are many factors that our team takes into consideration, one of them being the percentage of known words based on the official HSK vocabulary list. In addition, our team also takes into consideration whether the new words are critical to understanding the main concepts of the story.
