Reality And Mystical Experience:

Reality and Mystical Experience F. Samuel Brainard, 2000 Responding to our modern disillusionment with any claims to absolute truth regarding morality or reality this book offers a conceptual approach for discussing absolutes without denying either the relevance of divergent religious and philosophical teachings or the evidence supporting postmodern and poststructuralist critiques Case studies of mysticism within Advaita Vedanta Hinduism M dhyamika Buddhism and Nicene Christianity demonstrate the value of this approach and offer many fresh insights into the metaphysical presuppositions of these religions as well as into the nature and value of mystical experience Like Douglas Hofstadter's Godel Escher Bach this book finds ultimate reality to be rationally graspable only as an eternal fugue of pattern and paradox Yet it does not so much counter other philosophical views as provide a conceptual tool for understanding and classifying incommensurable views

Mystical Experience of Reality Keith Michael Hancock, 2019-12-10 The Mystical Experience of Reality is a well known non biological non human historical phenomena that engulfed the author as a 14 year old several times every year until his late thirties filling him with the experience of a Reality in which all things known and unknown exist at Its behest guarding guiding accepting everything that exists separately personally individually It is benign and uninterested in human wants or constructs such as religions politics ideologies The author is what Buddhism would call a pratyakabuddha a silent buddha whose experience of this Reality was spontaneous without having been requested or by given human help a mystic He insists the experience of Reality is caught not taught that it cannot be evangelized or proselytized worshipped or used Reality rules Its ways are not our ways Our ways are not Reality's Jesus failed Religions are not spiritual just emotional So the book started with a Blog mysticexperiences.net for the author to examine himself and existence in accordance with the way of Reality Accordingly he found nothing in humanity worth studying This book is a summation of four years of using writing the blog to explore the awareness given him by his mystical experiences in the hope it will add to the literature on the subject which is now being more seriously studied around the world than it has ever been by physicists metaphysicists philosophers theologians psychologists even cosmologists and especially Seekers for whom the author has special messages for their unique hunger and thirst The book also seeks to pass on Reality's message to the author All is well *Mystical Experience of Reality - Volume II* Keith Michael Hancock, 2024-05-05 Is MER The Mystical Experience of Reality What Humans Are All About The Mystical Experience of Reality book and blog series by Keith Michael Hancock is a uniquely serious case history of newly emerging facts about the mystical experience of Reality MER It is presented here to add to the growing scientific and academic literature being produced around the world today what human existence is really all about Does God exist or is much more revealing itself in our evolutionary progress Many scientists and scholars are experiencing the answer Yes Mystical Experience of Reality Volume I and now Volume II are compiled of posts from Keith's Blog Mystic Experiences Volume II was thought necessary because Keith's latest revelations have brought these historically important messages to a

concluding realisation of what the human condition is all about See Summing Up at the end of the book Scholars scientists and spiritual Seekers around the world who visit and follow his blog will appreciate Summing Up as a uniquely new complete understanding of why we re here In this book Keith has aimed to keep each topic shorter and on point always leaving you with a new thought to ponder always encouraging you to dig deeper and recall your own experiences thus far WHY KEITH He doesn t know He says he is not aware of any qualification he had or has for receiving the mystical experiences of Reality MER the truth of Reality s existence He says he wasn t religious or spiritual and didn t even know the word mystic when they started The Mystical Experience of Reality as Keith calls it is a well known historical non biological non human historical phenomena that engulfed him as a 14 year old several times every year until his late thirties filling him with the experience of a Reality in which all things known and unknown exist at Its behest guarding guiding accepting everything that exists separately personally individually It is benign and uninterested in human wants or constructs such as religions politics ideologies It only deals with individuals The experiences bring profound joy and love with a knowledge beyond all human experience Keith insists the experience of Reality is caught not taught The books are filled with posts from Keith s blog mysticexperiences net for the author to examine himself and his existence in accordance with the way of Reality Accordingly he says he found by comparison that there is nothing in humanity worth studying The first book Mystic Experiences of Reality Volume I and this one Volume II are summations of years of using writing to explore the awareness given Keith by his mystical experiences in the hope it will add to the literature on the subject which is now being more seriously studied around the world than it has ever been Keith s writing also seeks to pass on Reality s personal message to him All Is Well **Reality and Mystical Experience** F.
