Reason Informed By Faith Foundations Of Christian Morality:

Reason Informed by Faith Richard M. Gula, 1989 Excellent textbook introduction to the basic issues of fundamental moral theology that considers all of today's moral issues **Christian Ethics, Volume 1** Karl-Heinz Peschke, 2012-08-21 This recent edition of Christian Ethics Volume I is a thoroughly revised and updated version of fundamental moral theology As in the previous editions the author makes himself an interpreter of the demands of Vatican Council II and its request that moral theology be rooted more fully in Holy Scripture At the same time account is taken of the new developments in the field of ethics New issues of actual concern are taken up such as the deontological and teleological conditions of moral norms the confrontation between conscience and civil or ecclesiastical law the communal roots of Christian identity the requirement of liberty and the ethical compromise The book addresses itself to all who are interested in the moral teaching of the Christian faith and endeavors to be a helpful instrument to this end Happiness and the Christian Moral Life Paul J. Wadell, 2012-02-16 Happiness and the Christian Moral Life introduces students to Christian Ethics looking at ethics as a path to the good life and happiness rather than a strict set of rules or regulations Revised and updated throughout the second edition maintains the book's distinctive focus on happiness Each chapter now features a list of suggested readings to point students and instructors towards further resources Other changes to the second edition include a more fully developed account of Augustine's understanding of happiness new discussions of how technology shapes relationships and happiness and consideration of the relationship between the natural law and the virtues Hope Lichner Milos, 2021-06-14 In our times hope is called into question The disintegration of economic systems of states and societies families friendships distrust in political structures forces us to ask if hope has disappeared from the experience of today's men and women In August 2019 up to 240 participants met at the international theological congress in Bratislava Slovakia The main lectures congress sections and workshops aimed to provide a space for thinking about the central theme of hope in relation to philosophy politics pedagogy social work charity interreligious dialogue and ecumenism Moral Wisdom James F. Keenan, 2016-09-02 Moral Wisdom introduces readers to moral theory through a Catholic lens In a warm conversational style Father Keenan shares a wealth of stories and examples to highlight the resources in the Catholic tradition for developing moral wisdom Connecting formative influences of the Catholic heritage with themes of love consciences sin and suffering the book helps readers appreciate what gives meaning to our lives The third edition has been revised throughout to help the reader better understand how to develop and apply moral wisdom in real life It features additional examples as well as new material on the teachings of Pope Francis Chapters on the Ten Commandments and the teachings of Jesus have been reworked in light of new scholarship The book also features a new final chapter Moral Agency which addresses making practical decisions based on the lessons and texts from the book Each chapter includes study questions to help readers further reflect on key themes

In Pursuit of Love Vincent J. Genovesi, 1996 While retaining the basic structure of the original book this new edition has

been thoroughly updated in light of some official Catholic documents and other theological writings dealing with sexual morality that have appeared since 1986 The Catechism of the Catholic Church Pope John Paul II's encyclicals *Veritatis splendor* and *Evangelium vitae* and the 1986 and 1992 statements of the Congregation for the Doctrine of the Faith on pastoral care of homosexuals and the issue of discrimination against them are among the more recent magisterial publications considered in this text This edition also contains several new sections the misuses of sex adultery pornography prostitution sexual violence four rationales for viewing a committed love relationship as the only appropriate context for sexual intercourse marriage as a sacrament and marital sexuality and love as embodiments of commitment intimacy and passion and public policy and the civil rights of homosexuals This edition also includes an expanded discussion of topics such as sexism sexually transmitted diseases especially HIV AIDS and the moral questions raised by new family planning methods Norplant Depo Provera RU 486 postcoital hormonal interventions against pregnancy the start of human life and abortion

Vincent J Genovesi SJ received his PhD in Christian ethics from Emory University He is a professor at St Joseph's University in Philadelphia His articles have appeared in such journals as *The Thomist* *The Way* *America* and *Review for Religious*

Darwin and Catholicism Louis Caruana, 2009-08-06 This coherent collection of original papers marks the 150 year anniversary since the publication of Charles Darwin's *Origin of Species* 1859 Although the area of evolution related publications is vast the area of interaction between Darwinian ideas and specifically Catholic doctrine has received limited attention This interaction is quite distinct from the one between Darwinism and the Christian tradition in general Interest in Darwin from the Catholic viewpoint has recently been rekindled The major causes of this include 1 John Paul II's Message to the Pontifical Academy of Sciences on Evolution in 1996 2 the document *Communion and Stewardship Human Persons Created in the Image of God* issued in 2002 by the International Theological Commission under the supervision of Cardinal Joseph Ratzinger the present Pope Benedict XVI 3 Cardinal Christoph Schönborn's apparent endorsement of Intelligent Design in his New York Times article *Finding Design in Nature* of July 7 2005 4 Pope Benedict XVI's contributions in the recent collection of papers *Schöpfung und Evolution Creation and Evolution* published in Germany in April 2007 Responding to this heightened interest the book offers a valuable collection of work from outstanding Catholic scholars in various fields

Catholic Moral Theology in the United States Charles E. Curran, 2008-04-11 In this magisterial volume Charles E Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day He begins by tracing the development of pre Vatican II moral theology that with the exception of social ethics had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness Curran then explores and illuminates the post Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology the impact of *Humanae vitae* Pope Paul VI's encyclical condemning artificial contraception fundamental moral theology sexuality and marriage bioethics and social ethics Curran's perspective is unique For nearly 50 years he has been a

major influence on the development of the field and has witnessed first hand the dramatic increase in the number and diversity of moral theologians in the academy and the Church No one is more qualified to write this first and only comprehensive history of Catholic moral theology in the United States The Christian Moral Life Timothy F. Sedgwick, 2008-11-01 A book to enjoy and savour As a gentle and reverent depiction of whole practice of Anglican moral theology and practice it is splendid The Anglican Theological Review Written in a style accessible to non specialists this book provides teachers pastors counselors and general readers with an ideal introduction to Christian ethics It renews the topic of Christian ethics by showing readers that faithful moral living is achieved through the daily practices of grace and godliness The author first explores the foundations of Christian ethics as seen by both Catholics and Protestants and then develops a constructive view of morality as a way of life Taking into account the central themes of Christian ethics he shows that effective piety is built on spiritual disciplines that deepen our experience of God prayer worship self examination simplicity and acts of hospitality Ethics and Spirituality Charles E. Curran, 2014 This volume compiles writings by leading moral theologians and ethicists on an important emerging topic in the field of ethics As spirituality asserts its broad humanistic interdisciplinarity and moral theology emerges from its fixation on sin to address broader questions of human formation and Christian discipleship the need for the two disciplines to be in dialogue is clear
