In a Dark Wood Alston Chase, 2017-07-12 In a Dark Wood presents a history of debates among ecologists over what constitutes good forestry and a critique of the ecological reasoning behind contemporary strategies of preservation including the Endangered Species Act Chase argues that these strategies in many instances adopted for political rather than scientific reasons fail to promote biological diversity and may actually harm more creatures than they help At the same time Chase offers examples of conservation strategies that work but which are deemed politically incorrect and ignored In a Dark Wood provides the most thoughtful and complete account yet written of radical environmentalism And it challenges the fundamental but largely unexamined assumptions of preservationism such as those concerning whether there is a balance of nature whether all branches of ecology are really science and whether ecosystems exist In his new introduction Chase evaluates the response to his book and reports on recent developments in environmental science policy and politics In a Dark Wood was judged by a recent national poll to be one of the one hundred best nonfiction books written in the English language during the twentieth century A smashing good read this book will be of interest to environmentalists ecologists philosophers biologists and bio ethicists and anyone concerned about ecological issues

San Francisco Bay Area Sports Rita Liberti, Maureen Smith, 2017-03-15 San Francisco Bay Area Sports brings together fifteen essays covering the issues controversies and personalities that have emerged as northern Californians recreated and competed over the last 150 years The area's diversity anti establishment leanings and unique and beautiful natural surroundings are explored in the context of a dynamic sporting past that includes events broadcast to millions or activities engaged in by just a few Professional and college events are covered along with lesser known entities such as Oakland's public parks tennis player and Bay Area native Rosie Casals environmentalism and hiking in Marin County and the origins of the Gay Games Taken as a whole this book clarifies how sport is connected to identities based on sexuality gender race and ethnicity Just as crucial the stories here illuminate how sport and recreation can potentially create

transgressive spaces particularity in a place known for its nonconformity
