The Philosophy of Reenchantment Michiel

Meijer,Herbert De Vriese,2020-10-27 This book presents a philosophical study of the idea of reenchantment and its merits in the interrelated fields of philosophical anthropology ethics and ontology It features chapters from leading contributors to the debate about reenchantment including Charles Taylor John Cottingham Akeel Bilgrami and Jane Bennett The chapters examine neglected and contested notions such as enchantment transcendence interpretation attention resonance and the sacred or reverence worthy notions that are crucial to human self understanding but have no place in a scientific worldview They also explore the significance of adopting a reenchanting perspective for debates on major concepts such as nature naturalism God ontology and disenchantment Taken together they demonstrate that there is much to be gained from working with a more substantial and affirmative concept of reenchantment understood as a fundamental existential orientation towards what is seen as meaningful and of value The Philosophy of Reenchantment will be of interest to scholars and advanced students in philosophy especially those working in moral philosophy metaphysics philosophy of religion theology religious studies and sociology

Memento Mori in Contemporary Art Taylor Worley,2019-11-28

This book explores how four contemporary artists Francis Bacon Joseph Beuys Robert Gober and Damien Hirst pursue the question of death through their fraught appropriations of Christian imagery Each artist is shown to not only pose provocative theological questions but also to question the abilities of theological speech to adequately address current attitudes to death When set within a broader theological context around the thought of death Bacon s works invite fresh readings of the New Testament s narration of the betrayal of Christ and Beuys works can be appreciated for the ways they evoke Resurrection to envision possible futures for Germany in the aftermath of war Gober s immaculate sculptures and installations serve to create alternative religious environments and these places are both evocative of his Roman Catholic upbringing and virtually haunted by the ghosts of his excommunication from that past Lastly and perhaps most problematically Hirst has built his brand as an artist from making jokes about death By opening fresh arenas of dialogue and meaning making in our society and culture today the rich humanity of these artworks promises both renewed depths of meaning regarding our exit from this world as well as how we might live well within it for the time that we have As such it will be a vital resource for all scholars in Theology the Visual Arts Material Religion and Religious Studies
