demonstrates This monograph is a compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date Included are not only individuals born on the territory of former Czechoslovakia but also their descendants This project has been approached strictly geographically irrespective of the language or ethnicity Because of the lack of bibliographical information most of the monograph comprises biobibliographical information in which area a plethora of information exists As the reader will discover these women have been involved practically in every field of human endeavor in numbers that surprise On the whole they have been noted for their independent spirit and nonconforming role
