Wagner's *Ring Cycle* and the Greeks

Reflections Of A World A View Of Wagners Ring

Ingrid Rosell

Reflections Of A World A View Of Wagners Ring:

Reflections of a world : a view of Wagner's Ring Ingrid Rosell, 1987 Theology of Wagner's Ring Cycle I Richard H Bell, 2021-07-29 Wagner's Ring is one of the greatest of all artworks of Western civilization but what is it all about The power and mystery of Wagner's creation was such that he himself felt he stood before his work as though before some puzzle A clue to the Ring's greatness lies in its multiple avenues of self disclosure and the corresponding plethora of interpretations that over the years has granted ample scope for directors and will no doubt do so well into the distant future One possible interpretation which Richard Bell argues should be taken seriously is the Ring as Christian theology In this first of two volumes Bell considers among other things how the composer's Christian interests may be detected in the forging of his Ring looking at how he appropriated his sources whether they be myths and sagas writers poets or philosophers and considering works composed around the same time especially his Jesus of Nazareth **Reflections on Wagner's Ring** John Culshaw, 1976 Based on the author's Metropolitan Opera intermission radio talks Bibliography p 103 105 *Reflections on Ethics and Responsibility* Zachary J. Goldberg, 2017-02-06 The original essays in this book address the influential writings of Peter A French on the nature of responsibility ethics and moral practices French's contributions to a wide spectrum of philosophical discussions have made him a dominant figure in the fields of normative ethics meta ethics applied ethics as well as legal and political philosophy Many of French's deepest insights come from identifying and exploring the scope and nature of moral responsibility and human agency as they appear in actual events real social and cultural practices as well as in literature and film This immediacy renders French's scholarship vital and accessible to a wide variety of audiences The authors recognized for their own contributions to the understanding of the nature of morality and moral practices offer new and unique positions while exploring expanding and responding to those of French The final chapter is written by French in which he provides both new philosophical insight as well as some reflection on his own work and its influence This book will appeal to philosophers as well as advanced students and researchers in the humanities social sciences law and political science **Wagner's Ring in 1848** Richard Wagner, 2010 In 1848 Richard Wagner began what would become the largest stage work of his career the Ring of the Nibelung In preparation for the task he composed an overview of the Nibelung myth designed to lead to a drama he then composed the verse libretto Siegfried's Death Although he abandoned the idea of a single opera on Siegfried in favor of the huge project that developed out of it in the succeeding years the Ring cycle he did consider the two early documents important enough to include them in his collected works The present volume seeks to inform the English speaking reader in three ways by providing modern reliable translations of the two Wagner texts which are otherwise not available the German original is provided on facing pages by furnishing an overview of German scholarship available to Wagner and others working on the Nibelung legend in the first half of the nineteenth century and by making available a bibliography of further reading The volume will be useful to students of musicology to students and historians of

myth and legend and to all Wagnerians interested in the genesis of the Ring cycle Accessible to the general reader it maintains scholarly rigor and provides information about materials not available in English Edward R Haymes is Professor in the Department of Modern Languages at Cleveland State University **The Ring of Truth** Roger Scruton, 2017-11-21

Nothing in opera is grander than The Ring no work more suited to the deep reading the writer gives here Opera News

Richard Wagner's Ring of the Nibelung is one of the greatest works of art created in modern times and has fascinated both critics and devotees for over a century and a half No recent study has examined the meaning of Wagner's masterpiece with the attention to detail and intellectual power that Roger Scruton brings to it in this inspiring account The Ring of Truth is an exploration of the drama music symbolism and philosophy of The Ring from a writer whose knowledge and understanding of the Western musical tradition are the equal of his capacities as a philosopher Scruton shows how through musical connections and brilliant dramatic strokes Wagner is able to express truths about the human condition which few other creative artists have been able to convey so convincingly For Wagner writes Scruton the task of art is to show us freedom in its immediate contingent human form reminding us of what it means to us Even if we live in a world from which gods and heroes have disappeared we can by imagining them dramatize the deep truths of our condition and renew our faith in what we are Love death sacrifice and the liberation that we win through sacrifice these are the great themes of The Ring as they are of this book Scruton's passionate and moving interpretation allows us to understand more fully than ever how Wagner conveys his ideas about who we are and why The Ring continues to be such a hypnotically absorbing work Scruton's presentation is grounded throughout in a deep understanding of the culture of Wagner's era the writing is clear and persuasive Library Journal starred review A fascinating and valuable study Sunday Times

Theology of Wagner's Ring Cycle II Richard H. Bell, 2020-01-21 Wagner's Ring addresses fundamental concerns that have faced humanity down the centuries such as power and violence love and death freedom and fate Further the work seems particularly relevant today addressing as it does the fresh debates around the created order politics gender and sexuality In this second of two volumes on the theology of the Ring Richard Bell argues that Wagner's approach to these issues may open up new ways forward and offer a fresh perspective on some of the traditional questions of theology such as sacrifice redemption and fundamental questions about God A linchpin for Bell's approach is viewing the Ring in the light of the Jesus of Nazareth sketches which he argues confirms that the artwork does indeed address questions of Christian theology both for those inside and those outside the church *Catalogue* May and May (Firm), 1995

Wagner's Ring of the Nibelung, and the Conditions of Ideal Manhood David Irvine, 1897 [The Idea of Decline in Western History](#) Arthur Herman, 2010-06-15

Historian Arthur Herman traces the roots of declinism and shows how major thinkers past and present have contributed to its development as a coherent ideology of cultural pessimism From Nazism to the Sixties counterculture from Britain's Fabian socialists to America's multiculturalists and from Dracula and Freud to Robert Bly and Madonna this work examines the idea of decline in

Western history and sets out to explain how the conviction of civilization's inevitable end has become a fixed part of the modern Western imagination. Through a series of biographical portraits spanning the 19th and 20th centuries, the author traces the roots of declinism and aims to show how major thinkers of the past and present, including Nietzsche, DuBois, Sartre, and Foucault, have contributed to its development as a coherent ideology of cultural pessimism.

Whispering the Secrets of Language: An Mental Journey through **Reflections Of A World A View Of Wagners Ring**

In a digitally-driven earth wherever screens reign great and instant communication drowns out the subtleties of language, the profound strategies and psychological nuances hidden within words usually move unheard. However, set within the pages of **Reflections Of A World A View Of Wagners Ring** a fascinating literary prize pulsing with organic emotions, lies an exceptional journey waiting to be undertaken. Published by a skilled wordsmith, this charming opus encourages visitors on an introspective trip, gently unraveling the veiled truths and profound influence resonating within the material of every word. Within the mental depths of the emotional evaluation, we shall embark upon a heartfelt exploration of the book is primary subjects, dissect its captivating writing fashion, and fail to the effective resonance it evokes serious within the recesses of readers hearts.
