Psychoanalysis, Historiography, and the Nazi Camps Dan Stone, 2024-07-10 In the postwar years Dutch survivors Eddy de Wind Louis Micheels and Elie A Cohen who went on to become practicing psychoanalysts penned accounts of their survival of the Nazi camps Their sober assessments contrast sharply with those by Bruno Bettelheim and Viktor Frankl which emphasized decisiveness positive thinking and resistance missing the fact that many Holocaust victims with those characteristics or other qualities did not survive De Wind's Micheels and Cohen's accounts are more sober self-critical and shaped by analytical practice By analyzing them anew and comparing them with accounts by female doctors who survived Block 10 in Auschwitz this book argues that their theories of survival accord with contemporary sensibilities in

Rain of Ash Ari Joskowicz, 2023-03-14 A major new history of the genocide of Roma and Jews during World War II and their entangled quest for historical justice Jews and Roma died side by side in the Holocaust yet the world did not recognize their destruction equally In the years and decades following the war the Jewish experience of genocide increasingly occupied the attention of legal experts scholars educators curators and politicians while the genocide of Europe's Roma went largely ignored *Rain of Ash* is the untold story of how Roma turned to Jewish institutions funding sources and professional networks as they sought to gain recognition and compensation for their wartime suffering Ari Joskowicz vividly describes the experiences of Hitler's forgotten victims and charts the evolving postwar relationship between Roma and Jews over the course of nearly a century During the Nazi era Jews and Roma shared little in common besides their simultaneous persecution Yet the decades of entwined struggles for recognition have deepened Romani Jewish relations which now center not only on commemorations of past genocides but also on contemporary debates

about antiracism and Zionism Unforgettably moving and sweeping in scope Rain of Ash is a revelatory account of the unequal yet necessary entanglement of Jewish and Romani quests for historical justice and self representation that challenges us to radically rethink the way we remember the Holocaust
