Reflections On The Revolution Of Our Time

Christopher Kearney

Reflections On The Revolution Of Our Time:

Reflections on the Revolution of Our Time Harold Laski, 2017-07-05 Harold J Laski saw World War Two as a period of revolutionary change as profound as any in the modern history of the human race In his view the period s inner nature was as significant in its essentials as those which saw the fall of the Roman Empire the birth in the Reformation of capitalist society or as in 1789 the final chapter in the dramatic rise of the middle class to power All of these were not revolutions made by thinkers though some of them may have foreseen its coming but of ordinary people who shaped the large outlines of the direction of these changes Laski held that revolutions of our time have been rooted in all that goes to give its present character to our society We can recognize its advent and prepare for it in that event we might build a civilization richer and more secure than any of which we so far have knowledge Or we may chose to resist its onset in which case it will appear to some future generation that our age has sought rather to sweep back the tides of the ocean than to oppose the decrees of men The curse of our social order is its persistent inequalities Either we must find ourselves able to co operate in their removal or we shall move rapidly to conflict about them Laski argues that the middle class must co operate with workers in essential revisions as the aristocracy was wise enough to do a century ago over the Reform Bill or violent revolution will be unleashed by means that transforms the ends of either party to the conflict in view This is the choice that lies before us Just how accurate or wide of the mark Laski was is brilliantly articulated in the critical introduction by Sidney A Pearson Jr

Reflections on the Revolutions of Our Time Harold J. Laski, Originally published New York Viking 1943 **Reflections on the Revolution of Our Time** Harold Joseph Laski, 1968 *Discourse Theory and Political Analysis* David R. Howarth, Aletta J. Norval, Yannis Stavrakakis, 2000-11-18 How can recent developments in post structuralist post Marxist and psychoanalytical theory actually inform ongoing empirical research What are the appropriate methods and research strategies for conducting research in discourse theory and analysis How can concepts such as hegemony identity the imaginary dislocation and empty signifiers illuminate key aspects of contemporary society and politics This pathbreaking and multi focal book contains a clear introductory statement of the theoretical approach used and concludes with an assessment of the future directions of discourse theory in the social sciences **Dilemma of Our Times** Harold J. Laski, 1968 First Published in 1968 Routledge is an imprint of Taylor Francis an informa company **The Crisis of Marxism** Elías J. Palti, 2025-06-09 In this book El as J Palti analyzes the writings of key thinkers who have theorized the present situation of Marxism Perry Anderson Fredric Jameson Ernesto Laclau Slavoj i ek Judith Butler Alain Badiou and Jacques Derrida His aim is to interrogate what appears to be the final crisis of Marxist political tradition from a historical intellectual point of view placing it within a broader framework which is the present crisis of politics at large Yet it also reveals why we cannot even then avoid confronting it stubbornly trying to think of what seems to be unthinkable today namely the idea of an emancipatory horizon Unlike traditional works of political philosophy *The Crisis of Marxism A Historical Intellectual Problem*

does not intend to provide political or philosophical answers to today's dislocation of politics. Instead, it aspires to clarify the nature of the questions that such a situation raises and demonstrates why the current crisis of Marxism contains some fundamental clues for it. *Radicalism, Populism, Interventionism. Three Approaches Based on Discourse Theory*,

Laclau Simon Critchley, Oliver Marchart, 2012-12-06 Laclau A Critical Reader is the first full length critical appraisal of Laclau's work and includes contributions from several leading philosophers and theorists. The first section examines Laclau's theory that the contest between universalism and particularism provides much of the philosophical background to political and social struggle, taking up the important place accorded to amongst others Hegel and Lacan in Laclau's work. The second section of the book considers what Laclau's radical democracy might look like and reflects on its ethical implications, particularly in relation to Laclau's post-Marxism and thinkers such as Jürgen Habermas. The final section investigates the place of hegemony in Laclau's work, the idea for which he is perhaps best known. This stimulating collection also includes replies to his critics by Laclau and the important exchange between Laclau and Judith Butler on equality, making it an excellent companion to Laclau's work and essential reading for students of political and social theory. **Colonial Buganda**

and the End of Empire Jonathon L. Earle, 2017-08-24 This book offers an intellectual history of colonial Buganda using previously unseen archival material to recast the end of empire in East Africa. It will be ideal for researchers, upper level undergraduate and graduate students interested in the cultural, intellectual, religious and political history of modern East Africa. **Normalising Private Military Force** Christopher Kearney, 2025-09-03 This book examines the normalization of

Private Military and Security Companies (PMSCs) and analyses US media discourse around the Nisour Square incident in Iraq as a pivotal case. States are increasingly relying on PMSCs to meet security needs. As a sign of ongoing normalization, these companies are now increasingly targeted by soft law or self-regulation. Rejecting the common claim that mercenaries have always been with us, this book sets out to analyse the underlying conditions that have allowed PMSCs to emerge in their uniquely contemporary incarnation. Divided into two parts, this book develops a novel poststructural framework of analysis to articulate social, political and affective conditions that enabled PMSCs to prevail despite controversy. It draws on and operationalizes the Essex School's logics-based approach while developing it further with corpus linguistics and applies this framework to a large corpus of American mainstream media articles. The volume contributes to efforts aiming to overcome the alleged methodological deficit of discourse analysis while highlighting the importance of making unconsciously held truths visible. This book will be of interest to students of private security companies, military studies, critical security studies and International Relations.

Right here, we have countless book **Reflections On The Revolution Of Our Time** and collections to check out. We additionally pay for variant types and as a consequence type of the books to browse. The standard book, fiction, history, novel, scientific research, as capably as various supplementary sorts of books are readily friendly here.

As this Reflections On The Revolution Of Our Time, it ends taking place being one of the favored book Reflections On The Revolution Of Our Time collections that we have. This is why you remain in the best website to see the unbelievable books to have.
