Haunted English Laura O'Connor, 2006-11-27 A study of how English's colonial history inflects the literary vernaculars of Anglo Celtic modernists W B Yeats Hugh MacDiarmid and Marianne Moore *Haunted English* explores the role of language in colonization and decolonization by examining how Anglo Celtic modernists W B Yeats Hugh MacDiarmid and Marianne Moore de Anglicize their literary vernaculars Laura O Connor demonstrates how the poets struggles with and through the colonial tongue are discernible in their signature styles using aspects of those styles to theorize the dynamics of linguistic imperialism as both a distinct process and an integral part of cultural imperialism O Connor argues that the advance of the English Pale and the accompanying translation of the receding Gaelic culture into a romanticized Celtic Fringe represents multilingual British culture as if it were exclusively English speaking and yet registers on a subliminal level some of the cultural losses entailed by English only Anglicization Taking the fin de siècle movements of the Gaelic revival and the Irish Literary Renaissance as her point of departure O Connor examines the effort to undo cultural cringe through language and literary activism This is a promising contribution to an expanding discipline Paul Shanks Comparative Literature Studies Laura O Connor has written a distinguished and groundbreaking study Murray Pittock *Clio Smart* engaging and intellectually provocative Rob Doggett *Victorian Studies* An often brilliant account of how three modernist poetries contributed to the global decline of Anglocentrism Essential for anyone looking for fresh interpretations

of Yeats MacDiarmid or Moore it will also interest readers concerned with the promises and challenges of writing transnational literary criticism Matthew Hart Modernism Modernity Insightful scintillating attentive to every nuance O Connor s study will reward greatly anyone interested in the critical revivalism that is both her subject and her inheritance Gregory Castle Irish Literary Supplement Valuable and original work that participates in some of the most exciting and forward looking trends in current Irish and literary studies Marjorie Howes Boston College author of Yeats s Nations Gender Class and Irishness Fictions of Conversion Jeffrey S. Shoulson, 2013-03-21 The fraught history of England s Long Reformation is a convoluted if familiar story in the space of twenty five years England changed religious identity three times In 1534 England broke from the papacy with the Act of Supremacy that made Henry VIII head of the church nineteen years later the act was overturned by his daughter Mary only to be reinstated at the ascension of her half sister Elizabeth Buffeted by political and confessional cross currents the English discovered that conversion was by no means a finite discrete process In Fictions of Conversion Jeffrey S Shoulson argues that the vagaries of religious conversion were more readily negotiated when they were projected onto an alien identity one of which the potential for transformation offered both promise and peril but which could be kept distinct from the emerging identity of Englishness the Jew Early modern Englishmen and women would have recognized an uncannily familiar religious chameleon in the figure of the Jewish converso whose economic social and political circumstances required religious conversion conformity or counterfeiting Shoulson explores this distinctly English interest in the Jews who had been exiled from their midst nearly three hundred years earlier contending that while Jews held out the tantalizing possibility of redemption through conversion the trajectory of falling in and out of divine favor could be seen to anticipate the more recent trajectory of England s uncertain path of reformation In translations such as the King James Bible and Chapman s Homer dramas by Marlowe Shakespeare and Jonson and poetry by Donne Vaughan and Milton conversion appears as a cypher for and catalyst of other transformations translation alchemy and the suspect religious enthusiasm of the convert that preoccupy early modern English cultures of change Reading, Desire, and the Eucharist in Early Modern Religious Poetry Ryan Netzley, 2011-01-01 The courtly love tradition had a great influence on the themes of religious poetry just as an absent beloved could be longed for passionately so too could a distant God be the subject of desire But when authors began to perceive God as immanently available did the nature and interpretation of devotional verse change Ryan Netzley argues that early modern religious lyrics presented both desire and reading as free loving activities rather than as endless struggles or dramatic quests Reading Desire and the Eucharist analyzes the work of prominent early modern writers including John Milton Richard Crashaw John Donne and George Herbert whose religious poetry presented parallels between sacramental desire and the act of understanding written texts Netzley finds that by directing devotees to crave spiritual rather than worldly goods these poets questioned ideas not only of what people should desire but also how they should engage in the act of yearning Challenging fundamental assumptions of literary criticism Reading Desire and the

Eucharist shows how poetry can encourage love for its own sake rather than in the hopes of salvation

The Bible in American Poetic Culture Shira Wolosky, 2023-10-16 Although the Bible is the foundation of American poetic tradition there is no study of the Bible as an ongoing force in American poetry Not only a source of imagery allusion rhythm and style the Bible is central to how poetry has both shaped and been shaped by American civic political and social history including issues of ethnicity race and gender Through poetry core issues of the Bible in American culture emerge in a new light What defines America as a nation What are its historical political and religious meanings and direction Vitally how is it that the Bible is at once a shared common text binding community and yet was throughout American culture also contested disputed and politicized as a weapon of war This study begins with the Puritans and goes on to examine poetry of the Revolutionary and Civil Wars as well as claims and counterclaims in abolition slavery and women s rights In doing so it treats both popular and major writers including Edward Taylor Frances Harper Emerson Whitman Dickinson Moore and Gwendoln Brooks concluding with Amanda Gorman

Divine Aporia John Charles Hawley, 2000 The essays in this book bring together postmodern theory philosophy psychoanalysis anthropology literature cultural studies and women s studies to show how a persistent and classical theme in western theological studies the alterity of the divine reality has become creatively transcribed and theorized within the postmodern landscape

Boundless Innocence in Thomas Traherne's Poetic Theology Elizabeth S. Dodd, 2016-03-16 The seventeenth century poet and divine Thomas Traherne finds innocence in every stage of existence He finds it in the chaos at the origins of creation as well as in the blessed order of Eden He finds it

in the activities of grace and the hope of glory but also in the trials of misery and even in the abyss of the Fall Boundless Innocence in Thomas Traherne s Poetic Theology traces innocence through Traherne s works as it transgresses the boundaries of the estates of the soul Using grammatical and literary categories it explores various aspects of his poetic theology of innocence uncovering the boundless desire which is embodied in the yearning cry Were all Men Wise and Innocent Recovering and reinterpreting a key but increasingly neglected theme in Traherne s poetic theology this book addresses fundamental misconceptions of the meaning of innocence in his work Through a contextual and theological approach it indicates the unexplored richness complexity and diversity of this theme in the history of literature and theology
