Refugee Protection A European Challenge

Eleonora Milazzo

Refugee Protection A European Challenge:

Refugee Protection Vigdis Vevstad, 1998-01-01 3 1 Who is a refugee *Europe and Refugees: A Challenge? / L'Europe et les réfugiés: un défi?* Jean-Yves Carlier, Dirk Vanheule, 2023-08-21 This volume emerged from an international colloquium held in April 1995 in Antwerp Belgium on the subject of Europe and Refugees It analyses the various challenges posed by the plight of refugees today paying particular attention to the situation in Europe and to the new European treaties such as the Dublin Convention the Schengen Agreement and the Resolutions of the European Union Europe and Refugees A Challenge offers the reader both an international and a multidisciplinary vision Its contributors come from both within and outside Europe and are drawn from a large range of disciplines including philosophy political science and law This volume contains contributions in English and French Ce livre comprend les Actes d'un colloque international qui s'est tenu en avril 1995 Anvers en Belgique sur le thème L'Europe et les réfugiés un défi Le livre soulève différentes questions qui sont autant de défis la situation contemporaine des réfugiés avec une attention particulière pour cette situation en Europe notamment dans de nouveaux textes comme la Convention de Dublin les Accords de Schengen et les Résolutions au sein de l'Union européenne Le livre offre une vision multiple en associant des auteurs de différents endroits en Europe et en Amérique du Nord et de différentes disciplines philosophie sciences politiques et droit Il y a des contributions en anglais et en français *Refugee Protection in Europe* Joanne van Selm-Thorburn, 2023-08-21 This book addresses the issue of refugee protection in Europe drawing on the approaches taken to the crisis in former Yugoslavia to find lessons for future comprehensive policies Suitable for academics students and policy makers this book gives a comprehensive overview of the twentieth century history of refugee protection the relationship between protection and human rights and European integration in the asylum and immigration policy area The focus of the book is the development of comprehensive approaches to forced migration and particularly the emergence of temporary protection mechanisms in the European context Four specific national measures are analyzed and a model for future EU policy is advanced This model satisfies specified practical and theoretical requirements governing the role of protection in international relations and relations between individuals and states **Refugee Protection and Solidarity** Eleonora Milazzo, 2023 Refugee Protection and Solidarity looks to define the duties that EU member states have towards each other in the field of refugee protection employing analytical tools of normative political theory to bring moral clarity to a highly divisive debate on both principles and political feasibility There is a discrepancy between the commitment to solidarity enshrined in EU law and the reality of asylum provision in the EU The events related to the EU migration crisis of 2015-16 have exposed this discrepancy and questioned the nascent notion of EU solidarity at its core The book argues that the debate on distributive justice in the EU fails to consider refugee protection as a field in which distributive duties apply in ways similar to other domains such as social policy as well as exploring what justifications states invoke to justify non-compliance with their duties Eleonora Milazzo contends that as currently framed the debate on the

ethics of refugee protection fails to account for the nature and effect of associational ties among states in relation to asylum provision which is important for the assessment of responsibility shirking Evidence in European Asylum Procedures Ida

Staffans, 2012-04-19 This book focuses on three European asylum procedures and the evidentiary assessment carried out in these. The interrelationship between these procedures and legal systems influencing them is explored and questions in relation to the harmonizing strivings of EU are posed **Refugee Protection and Civil Society in Europe** Margit

Feischmidt, Ludger Pries, Celine Cantat, 2018-09-29 This volume analyses civil society as an important factor in the European refugee regime. Based on empirical research the chapters explore different aspects, structures and forms of civil society engagement during and after 2015. Various institutional, collective and individual activities are examined in order to better understand the related processes of refugees' movements, reception and integration. Several chapters also explore the historical development of the relationship between a range of actors involved in solidarity movements and care relationships with refugees across different member states. Through the combined analysis of macro level state and European policies, meso level organization's activities and micro level individual behaviour, *Refugee Protection and Civil Society in Europe* presents a comprehensive exploration of the refugee regime in motion and will be of interest to scholars and students researching migration, social movements, European institutions and social work **The Evolution of Humanitarian**

Protection in European Law and Practice Liv Feijen, 2021-04 Humanitarian protection has evolved from an act of charity into a legal obligation not to remove certain categories of non-nationals **International Refugee Law** H?ne

Lambert, 2017-07-05 The essays selected and reproduced in this volume explore how international refugee law is dynamic and constantly evolving. From an instrument designed to protect mostly those civilians fleeing the worse excesses of World War II, the 1951 Refugee Convention has developed into a set of principles, customary rules and values that are now firmly embedded in the human rights framework and are applicable to a far broader range of refugees. In addition, international refugee law has been affected by international humanitarian law and international criminal law and vice versa. Thus, there is a reinforcing dynamic in the development of these complementary areas of law. At the same time, in recent decades, states have shown a renewed interest in managing migration, thereby raising issues of how to reconcile such interests with refugee protection principles. In addition, the emergence of concepts of participation and responsibility to protect promise to have an impact on international refugee law *The Refugee Definition in International Law* Hugo Storey, 2023 In international law

the definition of refugee is widely seen as unclear. This book systematically analyses the interpretation, ordering and interrelationship of the definition's components as well as the disputes that have arisen around it. The volume seeks to clarify propositions and demonstrate there is progress toward a working definition **Refugees and the Law in Challenging**

Times - A Law and Economics Approach Denard Veshi, 2024-07-17 This book focuses on the economic analysis of refugee law and the protection of refugee rights. It offers a law and economics model applied to migration and states. The book

focuses on the most critical push factors that impact lawmakers in enacting and modifying asylum law Furthermore the book examines the economic advantages and disadvantages of a centralized supranational asylum law *acquis communautaire* that could eventually eliminate competition between legal orders in asylum law and do away with the negative externalities caused by asylum shopping The book critically analyses international refugee law pursuing an interdisciplinary approach Its principal goal is to explore refugee law through the lenses of the law and economics approach and against the backdrop of a human rights approach After explaining the evolution of the human rights approach the book elaborates on the legal and economic factors that impact refugees on the one hand and public policy on the other In conclusion a balance that considers the national preferences of destination countries and the protection of refugee rights is proposed

When somebody should go to the ebook stores, search establishment by shop, shelf by shelf, it is essentially problematic. This is why we allow the books compilations in this website. It will very ease you to look guide **Refugee Protection A European Challenge** as you such as.
