Halibozek,Gerald L. Kovacich,2005-05-02 The first book available that focuses on the role of the Security Manager in M A providing the voice of experience to real world case situations Strategic Security Jean Perois,2019-05-08 Strategic Security will help security managers and those aspiring to the position to think strategically about their job the culture of their workplace and the nature of security planning and implementation Security professionals tend to focus on the immediate the urgent rather than the important and essential too often serving as firefighters rather than strategists This book will help professionals consider their roles and structure their tasks through a strategic approach without neglecting their career objectives Few security management books for professionals in the field focus on corporate or industrial security from a strategic perspective Books on the market normally provide recipes methods or guidelines to develop plans policies or procedures However many do so without taking into account the personal element that is supposed to apply these methods In this book the authors helps readers to consider their own career development in parallel with establishing their organisation security programme This is fundamental to becoming and serving as a quality effective manager The element of considering career objectives as part and parcel to this is both unique to only this book and vital for long term career success The author delineates what makes strategic thinking different in a corporate and security environment While strategy is crucial in the running of a company the traditional attitude towards security is that it has to fix issues quickly and at low cost This is an attitude that no other department would tolerate but because of its image security departments sometimes have major issues with buy in and from top management The book covers the necessary level of strategic thinking to put their ideas into practice Once this is achieved the strategic process is explained including the need to build the different steps into this process and into the overarching business goals of the organisation will be demonstrated The book provides numerous hand on examples of how to formulate and execute the strategic master plan for the organization The authors draws on his extensive experience and successes to serve as a valuable resource to all security professionals looking to advance their careers in the field

Corporate Defense and the Value Preservation Imperative Sean Lyons,2016-09-19 This is the first book to finally address the umbrella term corporate defense and to explain how an integrated corporate defense program can help an organization address both value creation and preservation The book explores the value preservation imperative which represents an organization s obligation to implement a comprehensive corporate defense program in order to deliver long

term sustainable value to its stakeholders For the first time the reader is provided with a complete picture of how corporate defense operates all the way from the boardroom to the front lines and vice versa It provides comprehensive guidance on how to implement a robust corporate defense program by addressing this challenge from strategic tactical and operational perspectives This arrangement provides readers with a holistic view of corporate defense and incorporates the management of the eight critical corporate defense components It includes how an organization needs to integrate its governance risk compliance intelligence security resilience controls and assurance activities within its corporate defense program The book addresses the corporate defense requirement from various perspectives and helps readers to understand the critical interconnections and inter dependencies which exist at strategic tactical and operational levels It facilitates the reader in comprehending the importance of appropriately prioritizing corporate defense at a strategic level while also educating the reader in the importance of managing corporate defense at a tactical level and executing corporate defense activities at an operational level Finally the book looks at the business case for implementing a robust corporate defense program and the value proposition of introducing a truly world class approach to addressing the value preservation imperative Cut and paste this link https://m.youtube.com/watch?v=u5R_eOPNHbI to learn more about a corporate defense program and how the book will help you implement one in your organization
