The Cambridge Companion to Caribbean Music Nanette de Jong,2022-08-04 The diverse musics of the Caribbean form a vital part of the identity of individual island nations and their diasporic communities At the same time they witness to collective continuities and the interrelatedness that underlies the region s multi layered complexity This Companion introduces familiar and less familiar music practices from different nations from reggae calypso and salsa to tamb m ringue and soca Its multidisciplinary thematic approach reveals how the music was shaped by strategies of resistance and accommodation during the colonial past and how it has developed in the postcolonial present The book encourages a comparative and syncretic approach to studying the Caribbean one that acknowledges its patchwork of fragmented dynamic plural and fluid differences It is an innovative resource for scholars and students of Caribbean musical culture particularly those seeking a decolonising perspective on the subject

Asian Popular Culture Anthony Y.H. Fung,2013-05-29 This book examines different aspects of Asian popular culture including films TV music comedy folklore cultural icons the Internet and theme parks It raises important questions such as What are the implications of popularity of Asian popular culture for globalization Do regional forces impede the globalizing of cultures Or does the Asian popular culture flow act as a catalyst or conveying channel for cultural globalization Does the globalization of culture pose a threat to local culture It addresses two seemingly contradictory and yet parallel processes in the circulation of Asian popular culture the interconnectedness between Asian popular culture and western culture in an era of cultural globalization that turns subjects such as Pok mon Hip Hop or Cosmopolitan into truly global phenomena and the local derivatives and versions of global culture that are necessarily disconnected from their origins in order to cater for the local market It thereby presents a collective argument that whilst local social formations and patterns of consumption and participation in Asia are still very much dependent on global cultural developments and the phenomena of modernity yet such dependence is often concretized reshaped and distorted by the local media to cater for the local market
