for them on a particular topic that had won him the fellowship from May through July with Paris as his main destination Afterwards he was to write a paper about his findings for the Carnegie Foundation He was thrilled to be going to Europe for the first time and especially excited at the prospect of visiting the city that he had long dreamed of and that is the center of French culture history literature and art It was a fantastic eye opening trip Part Two recounts other memorable trips to Paris throughout France to the USSR in 1985 and to Greece in 1994 as well as to other European countries

Memories of a Vanished Time Robert Blumenfeld, 2022-12-27 My mother Ruth Blumenfeld nee Korn was born on January 15 1915 and died on August 18 2015 aged one hundred years seven months and three days My father Max David Blumenfeld was born on February 25 1911 and died on December 26 1994 about two months shy of his eighty fourth birthday I love my parents so much and I don't want them to be forgotten which is why I am writing this book And I am writing this memoir for myself as much as for anyone else because in doing so I bring my parents back to life in my memory I do the same when it comes to my grandparents and aunts and uncles I write also for my family members who may wish to know more about our background And I am writing for the general public who may find this memoir of interest as being the embodiment in specific people of the history of the twentieth and early twenty first centuries in the United States When my father was born World War One was several years away and when my mother was born World War One was raging They lived through the Roaring Twenties and Prohibition the Great Depression and World War Two and the subsequent wars They lived through the rise and fall of the Soviet Union The technological changes in their lifetime were the greatest in human history from the evolution and ubiquity of the telephone and of electricity and electric lighting to airplane travel and the proliferation of the automobile the invention and spread of radio and television and the invention of such conveniences as frozen orange juice the electric clothes drier and the electric dishwasher and later on of the internet the computer and the smartphone and of so much more The world was a better place because Mom and Dad were in it They did much political and social good in their time because they cared and they wanted to help create a kinder better more loving world for everyone a world where the ideals of equality and justice for all would at least begin to be fulfilled When people like them disappear from the earth the world is a poorer place

TWO PLAYS Robert Blumenfeld, 2023-10-15 The Count of Sainte Helene A Balzacian Melodrama takes place in 1817 1818 in Paris during the Bourbon Restoration when Louis XVIII had been placed on the throne of France at the decree of the Congress of Vienna after the defeat of Napoleon at Waterloo in 1815 This play is based on one of the most sensational cases solved by the first great detective in history Eugène François Vidocq the ex convict who became head of the French Sûreté the Security Service of the French police An altogether extraordinary individual he was an acquaintance of Victor Hugo who based both Jean Valjean and Inspector Javert in Les Misérables on Vidocq and a friend of Balzac whose character Vautrin is even more closely inspired by and modeled on Vidocq than Hugo's characters are Interludes of the Hear A Play about Marcel Proust his life and loves was inspired by my love for that author's most famous book In Search of Lost Time The play goes

back and forth in time as the Student interviews C leste Albaret Proust s housekeeper and general factotum for his doctoral dissertation When I read the book I felt it was as if he were talking directly to me I am sure many readers have had the same experience Proust s penetrating picture of the society of his day in pre World War One France and of Paris during the war itself and his amazing psychologically insightful portrait of each of his characters his understanding of psychology that in some ways parallels that of Sigmund Freud makes his book still relevant in today s world **Occupational Outlook**
