Reichen & Robert Alain Pélissier,1994 **Reichen & Robert** Bernard Reichen,Philippe Robert,2003 Relatively few French architects have successfully secured a position for themselves in international architecture yet Bernard Reichen and Philippe Robert have realised projects in Greece in Australia in the USA in Qatar since they founded their office in 1973 They have made a name for themselves with their conversions of 19th century buildings such as the Grande Halle de la Villette and the Pavillon de l Arsenal in Paris and increasingly issues deriving from urban development and landscape planning are featuring in their work This book opens with an interview of Bernard Reichen and Philippe Robert which reveals their approach to architecture and urban design In the main part of the book some 80 buildings and projects are presented and documented including the development of the plans of one of the sites of the 2004 Olympic Games in Athens and the headquarters of Nestle France in a former chocolate factory *Industrial Heritage Sites in Transformation* Harald A. Mieg,Heike Oevermann,2014-08-07 The management of industrial heritage sites requires rethinking in the context of urban change and the issue of how to balance protection preservation conservation and development becomes all the more crucial as industrial heritage sites grow in number This brings into play new challenges not only through the known conflicts between monument preservation and contemporary architecture but also with the increasing demand for economic urban development by reusing the built heritage of former industrial sites This book explores the conservation and change of industrial heritage sites in transformation presenting and examining ten European and Asian case studies The interdisciplinary approach of the book connects a diversity of rationales and discourses including monument protection World Heritage conventions urban regeneration urban planning and design architecture and politics This is the first book to deepen the understanding of industrial heritage site management as a networked multi dimensional task involving diverse social agents and societal discourses **Design Book Review** ,1995 **Whitaker's Books in Print** ,1998 Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 Steel Contruaction Manual Helmut C.
