Saliba,2018-09-24 Originally published in 1987 this title was compiled in response to the concern in some segments of society about the presence of new religious movements in the West in the second half of the twentieth century There are lots of psychological questions surrounding cults and the influence they have over their members These questions have been operative in the accumulation of this annotated bibliography which was intended primarily as a reference guide for psychiatrists and counsellors who advise cult members ex cult members and their bewildered parents and lawyers who use psychiatric arguments in the courts      **American Spiritual Magazine** ,1877      **Journal of the American Society for Psychical Research** American Society for Psychical Research,1917 List of members in v 1 6 12      *Latina/o Healing Practices* Brian McNeill,Jose M.
