Abhedananda, 2019-11-25 In *Five Lectures on Reincarnation* Swami Abhedananda offers a profound exploration of the concept of reincarnation weaving together elements of Vedantic philosophy and modern spiritual thought The book is structured as a series of lectures each delving into different aspects of the soul s journey through multiple lifetimes thus drawing on both ancient Hindu texts and contemporary metaphysical discussions Abhedananda employs a clear accessible literary style that balances philosophical rigor with an engaging narrative encouraging readers to contemplate the implications of karma and the continuity of the soul across various incarnations Swami Abhedananda a disciple of the renowned Swami Vivekananda was a pivotal figure in introducing Eastern philosophical concepts to Western audiences during the late 19th and early 20th centuries His extensive travels and lectures throughout the United States and Europe helped shape the discourse on spirituality making abstract principles of reincarnation relatable and applicable to modern seekers Drawn from his deep understanding of Vedanta his writings reflect a synthesis of Eastern wisdom and universal truths This book is highly recommended for anyone seeking a deeper understanding of reincarnation and its relevance to personal growth and spiritual awakening Abhedananda s insights challenge conventional views offering transformative perspectives that resonate with both seasoned practitioners and newcomers to spiritual exploration *Vedanta Philosophy* Swami Abhedananda, 2004-10 The visible phenomena of the universe are bound by the universal law of cause and effect The effect is visible or perceptible while the cause is invisible or imperceptible The falling of an apple from a tree is the effect of a certain invisible force called gravitation Although the force cannot be perceived by the senses its expression is visible All perceptible phenomena are but the various expressions of different forces which act as invisible agents upon the subtle and imperceptible forms of matter These invisible agents or forces together with the imperceptible particles of matter make up the subtle states of the phenomenal universe When a subtle force becomes objectified it appears as a gross object Therefore we can say that every gross form is an expression of some subtle force acting upon the subtle particles of matter The minute particles of hydrogen and oxygen when combined by chemical force appear in the gross form of water Water can never be separated from hydrogen and oxygen which are its subtle component parts Its existence depends upon that of its component parts or in other words upon its subtle form If the subtle state changes the gross manifestation will also change The peculiarity in the gross form of a plant depends upon the peculiar nature of its subtle form the seed **Reincarnation**

Reincarnation in America Lee Irwin,2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional *Vedānta Philosophy* Swami

What Is Civilization? Ananda Kentish Coomaraswamy,1989-12 In his foreword Seyyed Hossein Nasr writes Over forty years have passed since the death of Ananda Coomaraswamy yet his writings remain as pertinent today as when he wrote them and his voice echoes in the ears of present day seekers of truth and lovers of traditional art as it did a generation ago In contrast to most scholarly works which become outdated and current philosophical opuses which become stale Coomaraswamy s works possess a timeliness that flows from their being rooted in the eternal present It is therefore with joy that one can welcome a new collection of essays of this formidable metaphysician and scholar **Milestones of the Way: How East Meets West to Enrich Your Life** Reverend Paul Lachlan Peck,2011-07-15 Author Reverend Paul Lachlan Peck believes that millstones can be turned into milestones that adverse experiences can become opportunities for spiritual growth and magnificent manifestations By listening to the small voice of Spirit God you too can overcome the millstones in your own life Peck explores the intriguing ideas and puzzling questions of New Age teachings in this revised volume originally titled *Intermediate Spiritual Metaphysics* By examining the positive forces that manifest throughout the four major quadrants of life health wealth work and love Peck also shows how these forces work within the four primary institutions church finance government and education The Judaic Christian student of New Age theology will find answers to complex spiritual questions in this easy to read book that has been divided into the following three sections Part One considers dharma karma reincarnation and life between lives Part Two discusses the governance authority and responsibility of the universe Part

Three devotes itself to the Revelation of St John the Divine the teachings that relate to daily spiritual life Milestones of the Way will provide you with an empowerment that heals and ultimately advances you on a path toward spiritual contentment

Henry More, 1614-1687 R. Crocker,2013-03-09 Henry More 1614 1687 the Cambridge Platonist is often presented as an elusive and contradictory figure An early apologist for the new natural philosophy and its rational support for Christian doctrine More also defended the existence of witchcraft and wrote extensively on the nature of the soul and the world of spirits A vigorous and prolific controversialist against many varieties of contemporary atheism and enthusiasm More was himself a spiritual perfectionist and illuminist believing that the goal of the religious life was a conscious union with God Until now most biographies of More have ignored these his own preoccupations and have made of him a rather eccentric but important illustrative figure in one of several larger narratives dominated by canonical figures like Descartes Boyle Spinoza or Newton This is the first modern biography to place his own religious and philosophical preoccupations centre stage and to provide a coherent interpretation of his work from a consideration of his own writings their contexts and aims It is also the first study of More to exploit the full range of his prolific writings and a number of unknown manuscripts relating to his life In addition it contains an annotated handlist of his extant correspondence [The Mystical Life of Franz Kafka](#) June O. Leavitt,2012 June O Leavitt offers a fascinating examination of the mystical in Franz Kafka s life and writings showing that Kafka s understanding of the occult was not only a product of his own clairvoyant experiences but of the age in which he lived
