Reino De Matto El:

El reino de Matto Friedrich Glauser, 2001 El inspector Studer no se contenta con seguir la pista de los delitos sino que hurga además entre los bastidores de terapias y teorías psiquiátricas Friedrich Glauser padre de la novela negra en lengua alemana aunque trasciende el género y lo deriva a confines inesperados sitúa la acción en un espacio que conoce perfectamente el hospital psiquiátrico Emprende de este modo un viaje hacia aquella oscura región limítrofe frontera entre la normalidad y la locura en la que Matto su genio reina Editada por primera vez en 1937 en Zürich en la edición de 1943 se suprimieron los discursos radiados de Hitler esta novela que en sus nuevas ediciones en lengua alemana ha ido conquistando una legión de lectores entusiastas ha servido de base a una película y a una adaptación televisiva **Brazil, the Land of Rubber** Brazil. Comissão, Exposição internacional de borracha de New York, 1912, 1912 Poder local, poder global en América Latina Gabriela Dalla Corte, 2008 Este libro es resultado del XI Encuentro Debate América Latina Ayer y Hoy que la sección americanista del Departamento de Antropología Cultural Historia de América y África de la Universidad de Barcelona organizó en noviembre de 2007 La finalidad de encuentros como este que vienen desarrollándose desde el año 1987 ha sido siempre intercambiar conocimientos con colegas americanistas tanto de España como del exterior Se reflexiona en torno a la construcción del poder tanto en clave local como global para entender las realidades presente y pasada de América Latina a partir del estudio de diversos grupos sociales tales como las mujeres las elites indígenas los negros y esclavos los sectores empresariales y políticos entre otros *The Official Handbook and Catalogue* A. Staines Manders, 1912 Identity, Nation, Discourse Claire Taylor, 2009-01-14 This volume explores women's literary and cultural production in Latin America and suggests how such works engage with discourses of identity nationhood and gender Including contributions by several prominent Latin American scholars themselves it seeks to provide a vital insight into the analysis and reception of the works in a local context and foster debate between Latin American and metropolitan academics The book is divided into two sections Women and Nationhood and Models and Genres The first section comprises six chapters which examines women's responses to and attempts to carve out space within national discourses in a Latin American context Spanning the nineteenth century to the present day the chapters offer an insight into the ways in which Latin American women have constructed themselves as modern subjects of the nation and made use of the ambiguous spaces created by modernization and national discourses The section starts firstly with a focus on the Southern Cone covering Chile and Argentina and then moves geographically northward to Colombia and Bolivia The second section Models and Genres consists of six chapters that examine how women writers engage with and critically rework existing literary discourses and paradigms Considering phenomena such as detective fiction fairy tales and classical mythological figures the chapters illustrate how these genres and models frequently coded as masculine are given new inflections both as a result of their deployment by women and as a result of their reworking in a Latin American context **La dinastía Manchú en China** Henry Heras, 1918 Los tres
