Relational Christianity Experiencing Intimacy And Companionship With The Living God:

Relational Christianity Steve Meeks,1991 **Relational Christianity** Wesley M. Pinkham,2022-06-21 This work begins with a transformative idea human existence is fundamentally relational Relational Christianity explores how the nature of the Trinity must define the Church and the Christian spiritual life Utilizing Scripture Christian spiritual tradition and philosophy Pinkham and Gruenberg paint the picture of a Trinitarian Jesus centered Christianity led by the Father and explored in interpersonal oneness In this view God s intimate unifying love is the theological river that runs through the landscape of biblical revelation and through God s movement in history This work of Trinitarian practical theology suggests that the relation between Father Son and Spirit should shape and guide all Christian interactions with God with others and with self In the paradigm of relational Christianity the formation of genuine personhood and identity are based upon relational connections first with the Trinity and second with God s family The shape of the new covenant community must reflect the Father s nature Church culture must prioritize relationship in the same way the Trinity does **Love and Christian Ethics** Frederick V. Simmons,Brian Sorrells,2016 At the heart of Christian ethics is the biblical commandment to love God and to love one s neighbor as oneself But what is the meaning of love Scholars have wrestled with this question since the recording of the Christian gospels and in recent decades teachers and students of Christian ethics have engaged in vigorous debates about appropriate interpretations and implications of this critical norm In *Love and Christian Ethics* nearly two dozen leading experts analyze and assess the meaning of love from a wide range of perspectives Chapters are organized into three areas influential sources and exponents of Western Christian thought about the ethical significance of love perennial theoretical questions attending that consideration and the implications of Christian love for important social realities Contributors bring a richness of thought and experience to deliver unprecedentedly broad and rigorous analysis of this central tenet of Christian ethics and faith William Werpehowski provides an afterword on future trajectories for this research *Love and Christian Ethics* is sure to become a benchmark resource in the field **The Laws of Life** James Shane,2002-10 *Living in Love with Jesus* Dee Brestin,Kathy Troccoli,2003-12-29 Following the success of the highly acclaimed *Falling in Love with Jesus* Dee Brestin and Kathy Troccoli give women the encouragement needed to become radiant women of Christ *Living in Love with Jesus* will help women go deeper with Jesus by applying the secrets from John s first letter learning to clothe themselves in Christ s love Instead of being a washed out beige living mediocre lives they can become radiant with the colors of love Using art as a literary theme throughout the book facets of God s love are paralleled with colors giving women vivid pictures of how the imprint of God s love can change their lives This art theme will be carried out visually in classic masterpieces that illustrate biblical stories of God s transforming love such as Esther Doubting Thomas and the Good Samaritan Includes such chapters as *Embroidered with Gold* *It s Not Easy Being Green* *True Blue* *Red is the Color of the Blood that Flowed Down* *The Last Great Revival* Steve Meeks,1994-12 **The Holy Spirit and Christian Ethics in the Theology of Klaus**

Bockmuehl Annette M Glaw,2014-09-25 Precocious and sometimes marginalized Klaus Bockmuehl's insights regarding the Spirit's agency in Christian Ethics and therefore in our daily Christian experiences have renewed import now This is an exceptional book it introduces us for the first time to a much neglected thinker It also equips us with an understanding of how the Church can live ethically in power through its relationship with the Father In both respects it has much to offer its reader and the wider contemporary church

The Acting Person and Christian Moral Life Darlene Fozard Weaver, 2011-11-18 What may we say about the significance of particular moral actions for one's relationship with God In this provocative analysis of contemporary Catholic moral theology Darlene Fozard Weaver shows the person as a moral agent acting in relation to God Using an overarching theological context of sinful estrangement from and gracious reconciliation in God Weaver shows how individuals negotiate their relationships with God in and through their involvement with others and the world Much of current Christian ethics focuses more on persons and their virtues and vices exemplified by the work of virtue ethicists or on sinful social structures illustrated in the work of liberation theologians These judgments fail to appreciate the reflexive character of human action and neglect the way our actions negotiate our response to God Weaver develops a theologically robust moral anthropology that advances Christian understanding of persons and moral actions and contends we can better understand the theological import of moral actions by seeing ourselves as creatures who live move and have our being in God

The Collected Works of Edward Schillebeeckx Volume 4 Edward Schillebeeckx, 2014-09-25 World and Church deals with the conflict between religiosity and life in the world Deliberately Schillebeeckx turns around the order of the words in the idiom church and world thereby stressing the embedding of faith and church life in particular contexts In the first three chapters he reflects on this tension as he experienced it in burgeoning existentialism and debates between Catholics and Marxists in those turbulent years in Paris where he was living immediately after World War II It includes thoughts on pastoral work among the working class and the then popular *pretres ouvriers* movement He looks at some social problems and the mutual interrogation of believers and non believers also in light of the ideological compartmentalisation pillarization evident in diverse spheres of European society education social work and health care Schillebeeckx concludes by considering the responsibility of Catholic intellectuals and academics for the future of the world and the church including the possible significance of a Catholic university
