**the Knowledge Economy** Eduardo Tomé,2016-07-08 Foreword TAKE 2016 is a dream that came true In about six months a  
group of friends and colleagues put together in an upcoming and very dynamic university a conference with 9 streams 3  
keynotes and 3 special sessions 60 papers presented 6 posters and around 80 participants from 20 countries This is awesome  
I would like to deeply thank Aveiro University the GOVCOPP research centre the conference committee the keynote speakers  
the special session convenors the stream leaders the reviewers the authors and the administrative people for all their work  
and support I want to have two special words one for Blazenka Knezevic without whom the website would not have been  
possible the other for Gaby Neumann for work in these Proceedings Scientifically TAKE seems to be as important and new  
and far reaching We don't have shortage of models regarding the knowledge economy but we decisively lack to explore the  
relation between theory and practice TAKE is a step in exploring that difference We know that Exact sciences find the best  
answers and social sciences give the best questions J C Spender and we also know that Knowledge Management is more  
preached by scholars than done by practitioners Aino Kianto We assume the first idea and try to overcome the second  
Hopefully TAKE 2016 will be a great success Thank you for everything      **Hearings and Reports on Atomic Energy**
