*The Relic Hunter* D. Brendon Perera, 2017-11-27 Relic Hunter the first instalment of X Masters Saga revolves around Denver Grey a relic hunter and adventurer who travels the world looking for new challenges Partially based on facts the story is set on the island of Sri Lanka known as the Pearl of the Indian Ocean In addition to his quests for relics Denver has a ranch where he has assembled a group of young boys and girls all of whom are gifted with special powers Their mission is to serve and help Denver their mentor Relic Hunter introduces these exceptionally talented young people and hints at what the future holds on their journey through life into an uncertain world The story moves from mystery to murder intrigue and drama while simultaneously serving as a precursor to something more enthralling Relic Hunter the Book Ed Fedory, 1994-08-01 *RELIC HUNTER SO SHALL IT BE*, 2012 Relic Hunters James E. Snead, 2018-08-30 Relic Hunters is a study of the complex relationship between the people of 19th century America with the material antiquities of North America s indigenous past As scholars struggled to explain their existence farmers in Ohio were plowing up arrowheads building their houses atop burial mounds and developing their own ideas about antiquity They experienced the new country as a place with history reflected in material traces that became important touch points for scientific knowledge but for American cultural identity as well Relic Hunters traces the encounter with American antiquities from 1812 to 1879 This encompasses the period when archaeology took root in the United States it also spans the deep settlement of the Midwest and sectional strife both before and after the Civil War At the center of the story is the first iconic find of American archaeology known as the Kentucky Mummy Discovered deep in a cavern this dessicated burial became the subject of scholarly competition traveling exhibitions and even poetry The book uses the theme of the Kentucky Mummy to structure the broader story of the public and American antiquities a tour that leads through rural museums mound excavations lecture tours shady deals and ultimately into the famous attic of the Smithsonian Institution Ultimately Relic Hunters is a story of the American landscape and of the role of archaeology in shaping that place Derived from letters memoranda and reports found in more than a dozen archives this is a unique account of a critical encounter that shaped local and national identity in ways that are only now being explored The Relic Hunters David Leadbeater, 2018 Revised edition This edition of The Relic Hunters includes editorial revisions **The Relic Hunter** Helen E.
