Germany In addition she shows that propagandistic constructions were not entirely separate from lived experience but reflected experience and shaped the way that individuals made sense of the war Accessibly written highly illustrated and packed with valuable examples of the use of war art as historical source this book will enhance our understanding of the social and cultural history of Britain during the Second World War *The Sculpture of Gertrude Hermes* Jane Hill, Gertrude Hermes, 2011 A graduate of Leon Underwood's Brook Green School of Art in London Gertrude Hermes 1901-83 trained as a painter and sculptor Hermes and her husband Blair Hughes Stanton who she met at Brook Green went on to become leading lights in the early twentieth century's wood engraving revival Although their marriage was short lived their exuberant visual inventions for Bunyan's *The Pilgrim's Progress* and T E Lawrence's *Seven Pillars of Wisdom* Brought them critical acclaim Much has been written about Hermes' career as a wood engraver In contrast her contribution as a sculptor has been somewhat eclipsed until now *The Sculpture of Gertrude Hermes* presents for the first time a full analysis of the artist's entire sculptural oeuvre Along with a comprehensive catalogue of Hermes' sculpture Jane Hill provides a full account of the artist's life in the context of her career as a sculptor What results is a picture of a pioneering spirit who created busts and heads functional designs decorative work and reliefs that are dynamic and unpredictable Featuring over 140 images *The Sculpture of Gertrude Hermes* is a groundbreaking study of an artist so long associated with one art form This book redresses the imbalance and creates a new and fresh perspective on an important female artist of the twentieth century Publisher's website **Eric Kennington** Eric Kennington, 1918 **A Dictionary of Modern and Contemporary Art** Ian Chilvers, John Graves-Smith, 2009 This unique and authoritative reference work contains more than 2 000 clear and concise entries on all aspects of modern and contemporary art Its impressive range of terms includes movements styles techniques artists critics dealers schools and galleries There are biographical entries for artists worldwide from the beginning of the 20th century through to the beginning of the 21st from the Finnish architect Alvar Aalto to the French sculptor Jacques Zwobada With international coverage indications of public collections and publicly sited works and in depth entries for key topics for example Cubism and abstract art this dictionary is a fascinating and thorough guide for anyone with an interest in modern and contemporary culture amateur or professional Formerly the *Dictionary of 20th Century Art* the text has been completely revised and updated for this major new edition 300 entries have been added and it now contains entries on photography in modern art With emphasis on recent art and artists for example Damien Hirst it has an exceptionally strong coverage of art from the 1960s which makes it particularly ideal for contemporary art enthusiasts Further reading is provided at entry level to assist those wishing to know more about a particular subject In addition this edition features recommended web links for many entries which are accessed and kept up to date via the *Dictionary of Modern Art* companion website The perfect companion for the desk bedside table or gallery visits *A Dictionary of Modern and Contemporary Art* is an essential A-Z reference work for art students artists and art lovers **Apollo**, 1929 Includes section
